**Re: Toronto Hydro-Electric System Limited Incremental Capital Module True-Up  
Application (EB-2015-0173) - SIA Intervention Withdrawal**

Dear Ms. Walli,

In reviewing the recent interrogatory responses provided by the applicant the SIA believes that the issues it had intended to raise in this proceeding have been explored on the record. Furthermore, in preparing for the Settlement Conference, it has become apparent to the SIA that many of the issues and positions it intended to advance in this proceeding will be thoroughly addressed by its fellow intervenors. As such, in the interests of avoiding duplicative submissions, and with the aim of promoting administrative efficiency, the SIA advises that it does not intend to participate in the upcoming settlement conference or further phases of this proceeding.

The SIA thanks the OEB for its intervenor status to date, and requests that it remain on the distribution list (as an observing party) for all further submissions made by parties to this proceeding.

Sincerely,
