INTERIM ORDER

EB-2016-0203

YES ENERGY MANAGEMENT INC.

Application for a Unit Sub-Metering Licence

BY DELEGATION, BEFORE: Peter Fraser
Vice President,
Industry Operations & Performance

June 30, 2016

ORDER

YES Energy Management Inc. filed an application dated June 24, 2016 under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for renewal of its Unit Sub-Metering Licence ES-2011-0058.

YES Energy Management Inc.'s current licence was issued on June 27, 2011 and expired on June 26, 2016. The date the applicant filed its application has provided insufficient time for processing the licence renewal application prior to the current licence expiry. The licence provides that the term may be extended by the OEB. The applicant is currently engaged in unit sub-metering activities in Ontario.

Considering the time required for processing an application in accordance with the OEB's established practice and procedures, and considering the applicant's activities, I find that it is in the public interest to issue an interim order granting a short-term extension to the applicant's Unit Sub-Metering Licence ES-2011-0058 pending final disposition of the matter.

The applicant is reminded that it carries the onus of filing an application in a timely basis given the time required to process licence applications according to the OEB's established practice and procedures before licence expiry. This order does not constitute a final decision on the application.

IT IS ORDERED THAT:

The term of YES Energy Management Inc.'s Unit Sub-Metering Licence ES-2011-0058 is extended until the licence renewal application is determined on a final basis.

DATED at Toronto June 30, 2016
