Dear Ms. Walli:

Re: EB-2016-0196 – Application for leave to construct amending the relief requested in EB-2013-0203

On June 17, 2016 FWRN LP and NR Capital General Partnership filed an application for leave to construct which amends the relief requested in the application filed in EB-2013-0203 (the “**Application**”).

The purpose of this letter is to provide additional information in regards to two points and a correction on a third point.

Firstly and further to paragraphs 54 and 55 of the Application, in respect of the three landowners who use the unopened road allowance as a property access road, the Applicants advise that these landowners will have access to their property via the unopened road allowance at all times during construction.

Secondly, the Applicants confirm that the Applicants will be paying for the cost of the transmission facilities, including the transmission facilities along the modified routes.

Thirdly, the Applicants would like to correct a typo in paragraph 27, wherein the second sentence should refer to “March 2016” and not “March 2015”.

Please contact the undersigned if you have any questions in regards to the foregoing.

Yours truly,

McCarthy Tétrault LLP

Per:
