Ontario Energy Board

IN THE MATTER OF the *Ontario Energy Board Act, 1998*;

AND IN THE MATTER OF an Application by Ontario Power Generation Inc. for an order or orders approving new payment amounts for its regulated facilities for the period 2017-2021.

NOTICE OF INTERVENTION

OF

ENERGY PROBE RESEARCH FOUNDATION

Energy Probe Research Foundation (Energy Probe) applies for intervenor status in this proceeding.

Statement of Interest

Energy Probe is a non-profit environmental and consumer organization which promotes economic efficiency in the use of resources. Energy Probe will be representing its residential customer supporters in Ontario, of which we have some number of thousands, and also representing a broader public interest concern with respect to the overall financial health and operational integrity of our utilities. Energy Probe will be intervening on issues which the Foundation believes to be in the public interest.

Intervention

Energy Probe intends to appear and participate in the hearing. Energy Probe expects to be a full-time intervenor and will be assisted by experts. Energy Probe was a funded intervenor in the Board's regulatory process to establish the methodology to be used to set the payment amounts, which underpin the subject of this proceeding, in the EB-2007-0905 Payment Amounts proceeding, in the EB-2010-0008 Payment Amounts proceeding, in the EB-2012-0340 Consultation – Incentive Rate Making Options for Ontario Power Generation's Prescribed

Energy Probe Research Foundation 225 BRUNSWICK AVE., TORONTO, ONTARIO M5S 2M6

Generation Assets and in the EB-2013-0321 payment amounts proceeding for prescribed generating facilities.

Costs

Energy Probe is a non-profit organization which relies on individual donations to help protect the public interest. Without the prospect of an award of costs, Energy Probe's ability to participate in proceedings would be very limited. Energy Probe intends to seek a cost award in this proceeding, and expects to intervene responsibly, cognizant of the Board's guidelines regarding cost awards.

Communications

Communications relating to this Notice of Intervention, including but not limited to all documents filed with the Board by Ontario Power Generation Inc., are required by Energy Probe and should be directed to:
