ONTARIO ENERGY BOARD NOTICE ONTARIO POWER GENERATION INC.

Ontario Power Generation Inc. has applied to raise its payment amounts.

Learn more. Have your say.

Ontario Power Generation Inc. has applied to the Ontario Energy Board with a plan to increase the amount it charges for the output of its nuclear generating facilities and most of its hydroelectric generating facilities in each of the five years beginning on January 1, 2017 and ending on December 31, 2021. If the Ontario Energy Board approved the application as filed, Ontario Power Generation has calculated that the monthly bill for the typical residential customer using 750 kWh of electricity per month would change by the following amounts:

2017	2018	2019	2020	2021
-\$1.29	\$1.73	\$1.07	\$1.86	\$1.89

Other customers, including businesses, will be affected as well.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Ontario Power Generation's request. We will question the company on its case for a payment amount increase. We will also hear questions and arguments from individuals and from groups that represent consumers of electricity. At the end of this hearing, the OEB will decide what, if any, increase will be allowed.

If Ontario Power Generation's application is approved, the OEB's subsequent review in the years 2018 through 2021 may be limited to applying a formula that is tied to inflation and to ensuring certain annual adjustments are made in accordance with the approved payment amount plan. You may not receive further notice of those adjustments.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

BE INFORMED AND HAVE YOUR SAY

You have the right to information regarding this application and to be involved in the process:

- You can review Ontario Power Generation's application on the OEB's website now.
- You can file a letter with your comments, which will be considered during the hearing.
- You can become an active participant (called an intervenor). Apply by **July 26, 2016** or the hearing will go ahead without you and you will not receive any further notice of the proceeding.
- At the end of the process, you can review the OEB's decision and its reasons on our website.

LEARN MORE

The payment amounts relate to generation from Ontario Power Generation's nuclear facilities and most of its hydroelectric facilities. They make up part of the Electricity line - one of the five line items on your bill. Our file number for this case is **EB-2016-0152**. To learn more about this hearing, find instructions on how to file letters or become an intervenor, or to access any document related to this case please select the file number **EB-2016-0152** from the list on the OEB website: www.ontarioenergyboard.ca/notice. PRIVACY

If you write a letter of comment, your name and the content of your letter or the documents you file with the OEB will be put on the public record and the OEB website. AVIS DE LA COMMISSION DE L'ÉNERGIE DE L'ONTARIO ONTARIO POWER GENERATION INC.

Ontario Power Generation Inc. a déposé une requête afin d'augmenter ses montants de paiement.

Soyez mieux renseigné. Donnez votre opinion.

Ontario Power Generation Inc. a déposé une requête auprès de la Commission de l'énergie de l'Ontario en vue d'augmenter annuellement le montant qu'elle facture pour la production de ses installations de production d'énergie nucléaire et de la plupart de ses installations de production d'énergie hydroélectrique, sur une période de cinq ans allant du 1^{er} janvier 2017 au 31 décembre 2021. Si la Commission de l'énergie de l'Ontario approuve la requête telle qu'elle a été présentée, ce plan aura, selon les calculs d'Ontario Power Generation, les conséquences suivantes sur la facture mensuelle d'un client résidentiel moyen consommant 750 kWh d'électricité par mois :

2017	2018	2019	2020	2021
-1,29 \$	1,73 \$	1,07 \$	1,86 \$	1,89 \$

D'autres clients, y compris des entreprises, seront également touchés.

LA COMMISSION DE L'ÉNERGIE DE L'ONTARIO TIENDRA UNE AUDIENCE PUBLIQUE

La Commission de l'énergie de l'Ontario (CEO) tiendra une audience publique pour examiner la requête d'Ontario Power Generation. Elle interrogera l'entreprise sur son besoin d'augmenter ses montants de paiement. Elle entendra également les questions et les arguments des personnes et des groupes qui représentent les consommateurs d'électricité. Au terme de cette audience, la CEO décidera de l'augmentation qu'elle accordera, le cas échéant.

Si la requête d'Ontario Power Generation est approuvée, l'examen des montants de paiement par la CEO pour les années 2018 à 2021 pourrait se limiter à l'application d'une formule liée à l'inflation et à s'assurer que certains rajustements annuels sont effectués en conformité avec le plan de montant de paiement approuvé. Il est possible que vous ne receviez aucun autre avis concernant ces rajustements.

La CEO est un organisme public indépendant et impartial. Elle rend des décisions qui servent l'intérêt public. Son but est de promouvoir un secteur d'énergie viable et rentable financièrement qui vous offre des services énergétiques fiables à un coût raisonnable.

SOYEZ RENSEIGNÉ ET DONNEZ VOTRE OPINION

Vous avez le droit de recevoir des renseignements concernant cette requête et de participer au processus.

- Vous pouvez consulter la requête d'Ontario Power Generation sur le site de la CEO.
- Vous pouvez présenter une lettre de commentaires qui sera examinée durant l'audience.
- Vous pouvez participer activement à l'audience (à titre d'intervenant). Inscrivez-vous d'ici le **26 juillet 2016** ou l'audience sera entamée sans votre participation et vous ne recevrez aucun autre avis concernant cette instance.
- Vous pourrez passer en revue la décision rendue par la CEO et ses justifications sur notre site Web, à la fin du processus.

SOYEZ MIEUX RENSEIGNÉ

Les montants de paiement sont liés à la production des installations de production d'énergie nucléaire d'Ontario Power Generation et de la plupart de ses installations de production d'énergie hydroélectrique. Ils font partie des frais d'électricité, l'un des cinq éléments figurant sur votre facture. Le numéro de ce dossier est **EB-2016-0152**. Pour en savoir plus sur cette audience, sur les démarches à suivre pour présenter des lettres ou pour devenir un intervenant, ou encore pour accéder aux documents concernant ce dossier, veuillez sélectionner le numéro de dossier **EB-2016-0152** dans la liste publiée sur le site Web de la CEO : **www.ontarioenergyboard.ca/notice**. Vous pouvez également adresser vos questions à notre centre de relations aux consommateurs, au 1 877 632-2727.

AUDIENCE ORALE OU ÉCRITE

Il existe deux types d'audience à la CEO : orale et écrite. La CEO déterminera à un stade ultérieur du processus si elle tiendra une audience orale ou une audience écrite dans le cadre de ce dossier. Si vous croyez qu'une audience orale doit avoir lieu, vous pouvez écrire à la CEO pour expliquer pourquoi au plus tard le **26 juillet 2016**.

CONFIDENTIALITÉ

Si vous présentez une lettre de commentaires, votre nom et le contenu des documents que vous allez déposer auprès de la CEO seront versés au dossier public et publiés sur le site Web de la CEO. Toutefois, votre numéro de téléphone, votre adresse personnelle et votre adresse courriel seront tenus confidentiels. Si vous êtes une entreprise, tous vos renseignements demeureront accessibles au public. Si vous faites une requête de statut d'intervenant, tous vos renseignements seront du domaine public.

Cette audience portant sur les montants de paiement sera tenue en vertu de l'article 78.1 de la Loi de 1998 sur la Commission de l'énergie de l'Ontario, L.O. 1998 chap.15 (annexe B).
