Dear Ms. Walli:

**Re: Board File No: EB-2016-0152**  
**Ontario Power Generation – Application for an Order Approving Payment Amounts for Prescribed Generating Facilities**  
**Notice of Intervention of the Independent Electricity System Operator**

The Independent Electricity System Operator (“IESO”) is writing to request intervenor status pursuant to the Board’s Notice of Application in respect of Ontario Power Generation’s application as noted above.

The IESO is responsible for maintaining the security and reliability of electricity supply in Ontario and for directing the operations of the IESO-controlled grid. The IESO also has the mandate to ensure the adequacy and efficiency of electricity supply in the province through planning of electricity supply and demand.

The IESO has a direct interest in this application based on its administration of the Ontario wholesale power markets and responsibility to direct the operation and maintain the reliability of the IESO-controlled grid. The IESO may make written submissions or participate in oral hearings as required. The IESO wishes to receive copies of all materials filed.

The IESO will not be seeking an award of costs for its participation, and asks that all correspondence be addressed to Miriam Heinz, Senior Regulatory Advisor, by email at [miriam.heinz@ieso.ca](mailto:miriam.heinz@ieso.ca).

Yours truly,

Nancy Marconi  
Senior Manager, Regulatory Affairs
