**VIA RESS, EMAIL AND COURIER**

Ms. Kirsten Walli  
Board Secretary  
Ontario Energy Board  
2300 Yonge Street  
Suite 2700  
P.O. Box 2319  
Toronto ON M4P 1E4

Dear Ms. Walli:

**Re: EB-2016-0196 – Application for leave to construct amending the relief requested in EB-2013-0203 (the “Application”)**

The purpose of this letter is to advise the Ontario Energy Board (the “OEB”) that the Applicants in the above-noted Application have now received Hydro One’s confirmation that the underground drawings for the portion of the Smithville Bypass (as defined in the Application) which is planned to run under Hydro One’s transmission lines are acceptable.

Also, the Applicants advise that as noted in the Applicant’s letter to the OEB of June 28, 2016, in paragraph 51 of the Application, the Applicants had noted that a small portion of the transmission line was to run over a small Hydro One property. As advised on June 28<sup>th</sup>, the Applicants note again here that the diagonal crossing at Yonge Street and the unopened road allowance has now been shifted slightly such that there will no longer be a small portion of the transmission line running above this small Hydro One property. Therefore, the Applicants will not need to obtain approval from Hydro One to have the transmission line run above Hydro One’s small property.

Please contact the undersigned if you have any questions in regards to the foregoing.

Sincerely,

*Signed in the original*

George Vegh
