Attention: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2016-0152 – OPG 2017-2021 – SEC's Request For Access To Redacted Transcripts

We are legal counsel to Ontario Power Generation Inc. in the above noted proceeding.

This letter is regarding the correspondence of School Energy Coalition ("SEC") dated August 24, 2016 concerning certain redacted transcripts relating to OPG's previous payment amounts proceeding (EB-2013-0321).

OPG is reviewing the particular transcripts referenced by SEC and the documents related to the in-camera examination set out in those transcripts to determine whether any or all of the transcripts can be made public.

OPG expects to complete its assessment and advise the Board in writing on September 2, 2016. If OPG objects to the disclosure of all or any part of the identified transcripts, then OPG will set out the basis of its objection in its September 2 letter.

Yours truly,

Charles Keizer
