BOMA would like to obtain copies of proper curriculum vitae of Brian Bentz and Max Cananzi, the appointed CEO of Holdco, and President of the Mergeco.

The material we have received to date deals mainly with the awards and outside voluntary positions the two men currently hold outside their companies. BOMA would like to see conventional CVs, in the format filed on behalf of witness panel members and for Peter Gregg.

This material is both relevant and important to the merger proceeding; for, as you know, whether a utility merger will help or harm ratepayers is dependent in part on the capabilities of the new senior management team.

If any other members of the thirteen executive positions, which the applicants define as the group that report directly to one of Messrs. Bentz, Cananzi, or Gregg, have been filed as of today, please include similar CVs for them.

Providing these documents before the hearing commences will make the hearing more efficient.

Thank you for your assistance.
