Dear Ms. Walli:

**Re: Ontario Energy Board File No.: EB-2016-0008**  
**SP Belle River Wind LP – Application for an Order Granting Leave to Construct**  
**Transmission Facilities**

---

The Independent Electricity System Operator (“IESO”) is in receipt of the Ontario Energy Board’s (“Board”) Procedural Order 2 which established September 8, 2016 as the date by when intervenors shall file final submissions in this application.

The IESO notes that it is the only intervenor in this case as listed in Procedural Order No. 1 and as such, is writing to advise the Board that it will not be filing a submission in this application. Advising the Board in advance of September 8 is intended to be helpful, should it allow the Board to proceed with any next procedural steps.

Yours truly,

Nancy Marconi
