LETTER OF COMMENT

Comments:

Please do detailed diligence on this proposal. I think Hydro One has plenty of room to save the moneys they are asking for by reducing costs.....for example: recently I began receiving letters which compare my usage to my neighbours. These arrive monthly. The following day I receive my monthly Hydro One bill. Why not include this 1 page usage comparison with my monthly bill and save the postage. Postage savings alone will be more than the annual increase they are asking for.

I also want to add that these usage reports are meaningless because the data presented is misleading. There is no attempt at comparing similar neighbours with the same electrical usage requirements (i.e. my neighbours have electric hot water tanks, I do not) nor adjustment for numbers of people living in the house (I have 7, my neighbours have 1 and 2). Cancel this report and save even more \$\$\$\$.
