OEB File No. EB-2016-0255  
Motion to Review and Vary the OEB Decision and Order dated July 28, 2016**

Milton Hydro Distribution Inc. ("Milton Hydro") submits that the facts and submissions relevant to Milton Hydro's motion to Review and Vary the OEB Decision and Order dated July 28, 2016, and filed August 17, 2016 with the Ontario Energy Board ("OEB") are clearly set out including:

- The signed Certification of Colliers International supporting the appraised value of 5<sup>th</sup> Line and Main Street East and the Addendum correcting the typographical errors in the narrative of the appraisal;
- The fact that Milton Hydro's 2011 rate base included 50% of the purchased value of 5<sup>th</sup> Line and Main Street East; and
- The treatment of capital gains as set out in the Accounting Procedures Handbook for Electricity Distributors.

Milton Hydro does not intend to file additional material at this time but may seek an opportunity to reply to any submissions received from OEB staff and the intervenors.

Yours truly,
