Dear Ms. Walli:

Re: EB 2016-0247 - Union Gas Limited (“Union”) – October 1, 2016 QRAM Application

On September 9, 2016, Union filed its October 1, 2016 QRAM application. Union received letters from Canadian Manufacturers & Exporters (“CME”) and the Industrial Gas Users Association (“IGUA”). Both CME and IGUA reviewed Union’s October 1, 2016 QRAM application and found it is in accordance with the Board-approved QRAM mechanism and do not oppose Union’s application.

Union requests the Board’s Decision on the application by Friday, September 23, 2016. If you have any questions on this matter, please contact me at (519) 436-5476.

Yours truly,
