AMPCO Issues for Technical Conference

Dear Ms. Walli:

In accordance with Procedural Order No. 1 dated July 29, 2016, below please find the interrogatories AMPCO may seek clarification on at the Technical Conference on September 22, 2016.

AMPCO #1, 2, 5, 6, 8, 10, 13, 24, 28, 30, 31, 34, 35, 42, 43, 45, 50, 52, 53, 55, 56, 63, 64, 66, 67, 68, 69.

AMPCO supports SEC's request that at the outset of the Technical Conference Hydro One provide an overview of its Asset Risk Assessment (ACA) process. AMPCO agrees that further clarification is needed on the overall methodology used by Hydro One to determine its capital investment plan. AMPCO asks that Hydro One's ACA process overview include a description of the application of the reliability risk model.

Please do not hesitate to contact me if you have any questions or require further information.

Sincerely yours,
