Dear Ms. Walli:

**Re: Enbridge Gas Distribution Inc. (“Enbridge”)
2017 Rate Adjustment Application (“Application”)
Ontario Energy Board (“Board”) File Number EB-2016-0215**

Further to Enbridge’s letter and Application dated August 31, 2016, enclosed please find two copies of Enbridge's Application and Evidence for an Order or Orders approving or fixing just and reasonable rates for the sales, distribution, transmission and storage of gas commencing January 1, 2017.

Enbridge has updated the 2017 Rate Adjustment Application that was filed on August 31st, to remove any impacts in relation to the Cap and Trade program. Consistent with instructions from the Board, and direction in the recently issued EB-2015-0363 Cap and Trade Regulatory Framework, Enbridge’s Application and Pre-filed Evidence do not address matters related to the Cap and Trade program. This recent change led to a slight delay in filing the attached materials.

Enbridge will request approval of matters related to the impacts of the Cap and Trade Program (including, without limitation, Cap and Trade Unit Rates and the methodology used to derive the Unit Rates, as well as necessary deferral or variance account treatments) within Enbridge’s 2017 Compliance Plan to be filed by November 15, 2016 as required per the instructions in the EB-2015-0363 Report of the Board.

The Application and Evidence has been filed through the Board’s Regulatory Electronic Submission System and will be available on the Enbridge website at:
www.enbridgegas.com/ratecase.
