Dear Ms. Walli:

EB-2014-0213 – Hydro One Networks' Applications for the Acquisition of Woodstock Hydro Services Inc. by Hydro One Inc. – Continuation of Woodstock CDM programs

The Ontario Energy Board's ("OEB") Decision in Hydro One Networks' ("Hydro One") application to purchase the shares of Woodstock Hydro Services Inc. ("Woodstock Hydro") requires that Hydro One report to the OEB, one year after the close of the transaction, the

“...specific details regarding the CDM programs that it offers in the Woodstock service area post transaction...setting out the programs that were offered in the previous year and include a list of CDM programs that were discontinued and the reasons for the discontinuance.”

Hydro One reports to the OEB that none of the Woodstock CDM programs that were offered in the previous year have been discontinued and all are still available to former Woodstock Hydro customers. Additionally, Hydro One has made available the following programs under its CDM Plan that may benefit former Woodstock Hydro customers:

- Residential New Construction
- High Performance New Construction
- Energy Manager Program.

Sincerely,
