Re: Request for Extension to Leave to Construct – wpd White Pines Wind Incorporated
Board File No. EB-2013-0339

As per the IESO's email of October 17, 2016 (attached), wpd can confirm that the IESO has consulted with Hydro One that the change in the number of turbines for the project, will not require changes for the White Pines Wind Project's SIA or CIA

If you have any further questions, please feel free to contact our office.

Sincerely,

A handwritten signature in black ink, appearing to be 'J. Walli', is written over the word 'Sincerely,'.

wpd White Pines Wind Incorporated.

Hi Paul,

Based on the information of removing two turbines you provided, the SIA report dated October 26, 2011 and SIA addendum dated July 21, 2014 are still valid. We discussed with Hydro One and they confirmed that no changes need to be made for the PIA and CIA due to the change you proposed.

Hello,

I would like to follow up on my previous email. If you could let me know when we can expect an update, that would be greatly appreciated.

Thank you,

Paul Deol

Subject: White Pines SLDs

Hi Yishui,

As a follow up on our discussions, please see attached the updated SLD for the White Pines project. Note that the only changes are that two turbines have been removed. If you can confirm whether another amendment to the SIA needs to be completed, or if the last amendment is still sufficient, that would be greatly appreciated.

Thank you,
