SUBJECT: Northland Power's Cochrane Area Solar Farms – Post First Year Operation Compliant Log

Northland Power Solar Empire, Northland Power Solar Martin's Meadow, Northland Power Solar Abitibi and Northland Power Solar Long Lake ("Northland Power Solar") received an OEB Leave to Construct Decision and Order EB-2013-0047 dated July 11, 2013 for the construction of transmission facilities to connect the solar farms to the Ontario transmission system.

As part of the Leave to Construct, the Decision and Order's Appendix A Condition 3.1 requires Northland Power Solar to create and maintain a Log of complaints received related to the transmission facility, for the period of construction and 1 year following, and then provide 2 copies of the Log to the OEB within 15 months of the end of construction.

The first of these solar farm became operational on July 13, 2016 and the 15 month reporting window ends October 13, 2016. Please find attached two (2) copies of the above referenced Complaint's Log, as required by Condition 3.1.

Please feel free to contact me with any questions you might have about this information.

Yours very truly,

Jim Mulvale, P.Eng. | Manager EH&S
