Dear Ms. La Selva:

**Re: Grimsby Power Inc.
Application for Rates
Board File Number EB-2015-0072**

In the Settlement Proposal filed by Grimsby Power Inc. in the EB-2015-0072 proceeding, which was approved by the OEB on September 22, 2016, section 3.4 a) established the condition that the Retail Transmission Service Rates for the Embedded Distributor rate class would not be charged until the OEB is notified that market participant status for the transmission system resources had been transferred to Grimsby Power Inc.

Grimsby Power Inc. filed a letter dated October 31, 2016, advising that it has received Registration Approval Notification from the IESO confirming that Grimsby Power Inc. will take over the metered market participant role for its transmission system resources, effective November 1, 2016.

The OEB acknowledges receipt of Grimsby Power Inc.'s notification of its market participant status.

Yours truly,
