Dear Ms. Walli:

**Re: EB-2016-0152 – Ontario Power Generation Inc. – 2017-2021 Payment Amounts**

Pursuant to Procedural Order # 1 in the above-referenced proceeding the Consumers Council of Canada ("Council") has the following submissions to make regarding issues prioritization. The Council has had the opportunity to review the submissions made by the School Energy Coalition ("SEC") regarding the prioritization of issues and is in general agreement with those submissions. The Council notes that as part of the process to consider OPG's Application there is a Settlement Conference scheduled for January 2017. The Council submits that there may be a further opportunity, following the discussions at the Settlement Conference, to potentially reduce the number of issues to be considered through the oral hearing process, even if settlement is not achieved.

Yours truly,

*Julie E. Girvan*
