Dear Mr. Brett:

**Re: Sagatay Transmission LP
Application for Leave to Construct Transmission Facilities
OEB File Number: EB-2016-0017**

This letter is with reference to Sagatay Transmission LP's (Sagatay) application to the Ontario Energy Board (OEB) for leave to construct a transmission line from Ignace to Pickle Lake and related transmission facilities. The OEB issued a letter on November 2, 2016 indicating that we intended to dismiss the Sagatay application and providing until November 14, 2016 for Sagatay to make a written submission regarding the dismissal.

In a letter dated November 10, 2016, Sagatay requests an extension until November 21, 2016 to make written submissions to the OEB.

The OEB hereby grants the requested extension. If Sagatay wishes to make a written submission regarding the proposed dismissal of its application, it may do so by November 21, 2016.

Yours truly,
