Re: Orillia Power Distribution Corporation

I am writing to give notice that I am among many in my community that do NOT support the sale of the distribution assets of Orillia Power Corporation

The citizens of Orillia must be given the opportunity to vote, by way of referendum, on whether to sell off the distribution assets of the Orillia Power Distribution Corporation to Hydro One. This was enshrined by way of by law many years ago and may well be challenged legally if the rights of the true owners of this utility are not respected.

City Council's decision to sell off our distribution assets, lacks a clear mandate from the electorate or detailed public engagement. This is an affront to the democratic process and contrary to policies and procedures that are to be transparent and accountable at all times.

I ask that you respect the will of the many who do NOT support this short sighted move on the part of our elected officials and defer your decision or reject this application outright.

Thank you in advance for your consideration.
