Dear Ms. Walli:

**Re: Enbridge Gas Distribution Inc. (“Enbridge”)  
EB-2014-0378 – Wilkesport Wells – Licence to Drill  
Well TW#15H – Sombra 3-15-XIII**

---

On June 4, 2015, the Ontario Energy Board (the “Board”) issued its report to the Minister of Natural Resources and Forestry for the above noted proceeding wherein the Board approved Enbridge’s application for well drilling licences.

On October 6, 2015, Enbridge informed the Board that TW#16H was put in service in 2015. For TW#15H, drilling was completed in 2015, but would not be put into service until 2016 pending completion and connection to the gathering lines.

Enbridge would like to inform the Board that TW#15H and the gathering lines have been put into service. Enbridge plans to file the Interim Monitoring Report for TW#15H by May 2017 and the Final Monitoring Report by October 2017.

Please contact me if you have any questions.

Yours truly,
