Parties to EB-2016-0152

**Re: Ontario Power Generation Inc.
2017-2021 Payment Amounts
Ontario Energy Board File Number EB-2016-0152**

Procedural Order No. 1, issued on August 12, 2016, set out a date of November 21, 2016 for the filing of expert evidence. On November 21, 2016, OEB staff filed correspondence requesting an extension until November 23, 2016 to file the following expert evidence:

- Review of OPG's Hydroelectric IRM Proposal (Pacific Economics Group Research, LLC)
- Review of OPG's Capital Structure Proposal (The Brattle Group Inc.)

OEB staff stated that the additional two days were needed to assess the information provided by OPG at the technical conference which concluded on November 16, 2016, and the undertakings resulting from the technical conference, which were filed on November 21, 2016.

The OEB will extend the filing date to November 23, 2016 for the filing of the expert evidence noted above. The dates for the filing of interrogatories on all the evidence filed and the interrogatory responses will be similarly extended by two days to December 2, 2016 and December 14, 2016 respectively.

Yours truly,
