Dear Ms. Walli:

**EG-2003-0111  
Campbellford Seymour Electric Generation Incorporated  
License Amendment**

We hereby request an amendment to the above noted electricity generator license to remove Item (2), "Algonquin Power Generating Station, owned by the Licensee at 810 County Road #38, Trent Hills, Ontario" from Schedule 1.

The reason for this amendment is to correct this electricity generator license and remove duplication of generator licenses issued for the ownership of this generation facility. Campbellford Seymour Electric Generation Incorporated ("CSEGI"), a wholly owned subsidiary of Peterborough Utilities Inc., does not presently own the reference generation facility, but rather subleases the property to Algonquin Power Corporation (Campbellford) Inc. Algonquin Power Corporation (Campbellford) Inc. has been issued electricity generator license EG-2003-00196 authorizing ownership and operation of this facility.

Of note, upon expiry of the sublease agreement between CSEGI and Algonquin Power Corporation (Campbellford) Inc., the ownership and operation of this facility will be transferred to CSEGI. We will seek to further amend license EG-2003-0111 at that time to include ownership and operation of this facility.

We request and consent to have this proceeding disposed of without a hearing in accordance with section 21(4)(b) of the [Ontario Energy Board Act, 1998](#) as this matter pertains to the correction of an existing electricity generator license. No other person will be adversely affected in a material way by the outcome of the proceeding.

Please do not hesitate to contact the undersigned should you have any questions or concerns.

Yours very truly,
