

Application for an Electricity Generation Licence Feed-in Tariff Program

Application Instructions

1. Purpose of this Form

Use this form to apply to the Ontario Energy Board (OEB), under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act), for a licence that would enable the licensee to generate electricity for sale under the Feed-in Tariff (FIT) program.

2. Important Information

Before applying for a licence, the applicant must have entered into a contract with the Independent Electricity System Operator (the IESO) under the FIT program and have received from the IESO a "Notice to Proceed" for the generation facility/facilities covered by this application. **The applicant must attach a copy of the Notice to Proceed to the completed application form. Without a copy of the Notice to Proceed, the application will be deemed incomplete.**

MicroFit Program generators and FIT Program generators who own or operate one or more facilities each with a total name plate capacity of 500 kilowatts or less are exempt from the need to obtain an electricity generation licence.

Applicants should consider the timelines required to process applications to avoid submitting applications too early or too late. Submitting applications too early without reasonable certainty of the proposed licensed activities will impede regulatory efficiency while submitting applications too late will leave the applicant to bear the risk of delayed commencement of licensed activities. Processing timelines are indicated on the "Apply for a Licence" page of the "Licences" section of the OEB's website at www.ontarioenergyboard.ca. If submitted incomplete, there may be a delay in processing the application.

Applicants must make a copy of the application available to any person who requests a copy.

3. Completion Instructions

This form is in writeable PDF and can be completed electronically. If necessary, **responses may be continued on additional pages**. The applicant is encouraged to complete the form electronically, save the completed form and file it, along with any attachments, by e-mail to: boardsec@ontarioenergyboard.ca.

THE APPLICANT MUST ALSO SEND TWO PAPER COPIES OF THE COMPLETED AND SIGNED APPLICATION FORM, ALONG WITH TWO PAPER COPIES OF ANY ATTACHMENTS AND THE APPROPRIATE APPLICATION FEE TO:

Board Secretary
Ontario Energy Board
P.O. Box 2319
27th Floor
2300 Yonge Street
Toronto ON M4P 1E4

The OEB may require information that is additional to the information filed in this application form. Also, filing of a completed application form does not preclude the applicant from filing additional information.

Any questions regarding the completion of this application should be directed to the OEB at:
IndustryRelations@ontarioenergyboard.ca.

4. Application and Registration Fees

A non-refundable application fee is required to process this application. Please enclose a cheque or money order made payable to the **ONTARIO ENERGY BOARD**. If a licence is issued, the licensee may be required to pay an annual registration fee. The application and annual registration fees are indicated on the "Apply for a Licence" page of the "Licences" section of the OEB's website at www.ontarioenergyboard.ca.

5. Public Record

All information filed as part of or in support of this application will be placed on the public record. Where the applicant objects to public disclosure of information filed as part of or in support of this application, the applicant must follow the procedure set out in the OEB's Practice Direction on Confidential Filings.
