Subject: Request to Amend Electricity Generation Licence EG-2012-0320 Chaudiere Hydro L.P.

Dear Ms. Walli

Please accept this letter of request to amend the electricity generation licence for Chaudière Hydro L.P., EG-2012-0320.

As stated by Chaudière Hydro L.P. in their Notice of Proposal, under Section 80 of the *Ontario Energy Board Act, 1998* (OEB reference EB-2015-0358) filed December 10, 2015, a new, larger generation station will replace the two existing generating stations, identified as Generating Station 1 and Generating Station 2. Neither of these generating stations is currently in operation and will not be operating in the future. The Ontario Energy Board subsequently advised that it will not proceed with a review of this Proposal.

Also note that Chaudière Hydro L.P. entered into a Municipal Stream Contract with the Hydroelectric Standard Offer Program (HOESP) on February 7, 2014. The HESOP reference number is HKTA5B7.

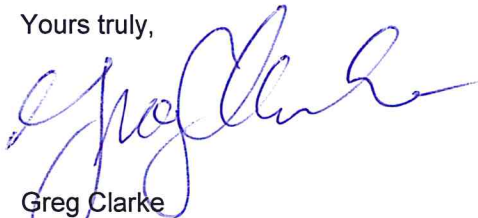

Construction of the new, 29.35 MW generating station is currently underway with a tentative commissioning date of June, 2017. In order to have the required licencing in place, Chaudière Hydro L. P. requests that licence EG-2012-0320 be amended as follows:

1. Remove Generation Station 1 (6MW), located at 6 Booth Street, Ottawa, Ontario, K1R 6K8;
2. Remove Generation Station 2 (3MW), located at 6 Booth Street, Ottawa, Ontario, K1R 6K8;
3. Add Chaudiere Hydro L.P. Station No. 5 (29.35 MW); located at 6 Booth Street, Ottawa, Ontario, K1R 6K8.

Should you have any questions or require further information, please do not hesitate to contact me at 613-225-0148, extension 7699 or gregclarke@energyottawa.com, or alternatively, Greg Van Dusen, Director – Regulatory Affairs at 613-738-5499, extension 7472 or gregvandusen@hydroottawa.com.

Thank you for your assistance in this matter.
