Subject: Letter of Intervention - EB-2016-0300
Request to participate in the next public hearing on Cap and Trade

The Ontario Energy Board (OEB) will hold a combined public hearing to consider Enbridge Gas, Union Gas and Natural Resource Gas' requests. There is no date set for the public hearing but I understand that I must register by January 9, 2017.

I want to participate and contribute feedback to the OEB at the public hearing.

a description of how you are, or may be, affected by the outcome of this proceeding;
I am an Ontario resident living in a household that will be impacted by Cap and Trade costs.

the nature and scope of your intended participation;
I seek to provide feedback from my household

if you represent a group, include a description of the group and its membership;
speaking as an individual

whether you intend to seek an award of costs and the grounds for your eligibility.
No

I prefer that an oral hearing be held so that there is full transparency and so that the public can respond in a real time conversation to arguments made by the OEB.
Is there anything else that you require from me for this registration to participate in the public hearing?
