THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The OEB will hold a public hearing to consider the application filed by Atikokan Hydro. During the hearing, we will question Atikokan Hydro on its case for a rate increase. We will also hear questions and arguments from individual customers and from groups that represent Atikokan Hydro's customers. At the end of this hearing, the OEB will decide what, if any, rate increase will be allowed.

Distributors such as Atikokan Hydro typically apply for a full review of their rates every five years. Any rate changes for the years in between are made by applying an OEB-approved formula which is tied to inflation and other factors intended to promote efficiency. You may not get notice of future rate changes made by applying the formula.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
