Dear Ms. Walli:

**Re: Oakville Hydro Distribution Inc.
2017 Distribution Rate Application
OEB File Number: EB-2016-0097**

On December 22, 2016, The Ontario Energy Board (the “OEB”) issued its Decision and Rate Order in the above noted proceeding. Oakville Hydro Electricity Distribution Inc. (“Oakville Hydro”) has reviewed the Decision and Rate Order for accuracy and completeness and has the following comments:

1. Oakville Hydro requests that OEB staff change the approximate number of residential and commercial electricity customer in Town of Oakville on page one of the Decision and Rate Order from 72,000 to 69,000.
2. Oakville Hydro requests that OEB staff correct the Total Claim for the RSVA – Power and the Total Group 1 Excluding Global Adjustment in the table entitled, *Group 1 Deferral and Variance Account Balances*, on page eight and nine of the Decision and Rate Order as shown in below.

Account Name	Account Number	Principal Balance (\$) A	Interest Balance (\$) B	Total Claim (\$) C
RSVA - Power	1588	1,658,706	(47,317)	1,611,388
Total Group 1 Excluding Global Adjustment - Account 1589		(1,389,087)	737,766	(651,321)

3. In its Decision and Order, the OEB determined that Oakville Hydro's rates will continue to be approved on an interim basis. However, the draft Tariff of Rates and Charges does not indicate that Oakville Hydro's rates have been approved on an interim basis.

Should you have any questions or concerns, please do not hesitate to contact me.
