I am writing this note to you today to not only voice my opposition to the Ontario Cap and Trade Tax but to tell you how utterly discussed I am that the Ontario Energy Board has allowed the Ontario Government's request to bury the tax in the "delivery charges" on our gas billings. "Delivery Charges" has become a "catch all" on our energy bills, including electricity.

The people of the Province of Ontario have a right to know how much the Cap and Trade Tax is costing us.

Therefore I am requesting that the Cap and Trade Tax be itemized on a separate line item and not hidden in the "delivery charges" on our billings.

Regards,

Michele Butt
