Dear Sirs/Mesdames;

**Re: EB-2016-0325 Hydro One Networks Inc.'s Section 92- West Toronto Transmission Enhancement Project – Notice of Application**

On behalf of the City of Toronto the undersigned is providing this letter of intervention in the captioned matter, subject to necessary subsequent authorizations from City Council of the City of Toronto and City management and our review of the nature of the City's interest as either a directly impacted property owner, an encumbrancer with lands, or interest, or land claims impacted by the upgrade of the transmission line and related facilities. That review will determine how the City is, or may be, affected by the outcome of this proceeding and the nature and scope of the City's participation.

Two additional copies of this application will be filed. The City will not be seeking an award for costs.

Yours truly,  
Michael A. Smith
