Dear Mr. Emerson:

**Re: Application of Henvey Inlet Wind LP for Leave to Construct Transmission Line and Facilities
OEB File Number EB-2016-0310**

Thank you for submitting your letter of comment by fax dated January 17, 2017 regarding the above-noted application.

The application will be decided through a public hearing. Your letter will become part of the public record, but your personal contact information will be removed.

Your letter will also be provided directly to the panel of the Ontario Energy Board (OEB) members who will be deciding whether the application is approved. The panel will consider your comments in reaching their decision. The applicant may also respond to your letter. You will receive a copy of the OEB's decision when it is released.

In reaching its decision, the panel will only be able to consider comments which relate to issues which are within the authority of the OEB and relevant to the issues being considered by the panel.

For example, environmental issues regarding this project are reviewed by the Ontario Ministry of Environment and Climate Change (MOECC) as part of the Renewable Energy Approval process and not by the OEB. For more information on the Renewable Energy Approval process, please visit the MOECC website at:
<http://www.energy.gov.on.ca/en/renewable-energy-facilitation-office/resources-and-contacts-2/guide-to-provincial-approvals-for-renewable-energy-projects/>.

Yours truly,
