Attention: Kirsten Walli, Board Secretary

Dear Ms. Walli:

**Re: North Bay Hydro Distribution Ltd. – Application for 2017 Electricity Distribution Rates
EB-2016-0214
Draft Decision and Rate Order**

North Bay Hydro Distribution Ltd. (“NBHDL”) has reviewed the Draft Decision and Order issued by the Ontario Energy Board (the “Board”) February 6, 2017 in relation to NBHDL’s 2017 electricity distribution rate application filed September 26, 2017.

NBHDL has reviewed the draft Rate Order and confirms the accuracy and completeness of the draft with the following exception: in specific reference to the Tariff of Rates and Charges for the General Service 3,000 to 4,999 kW Service Classification, the draft includes a \$/kWh rate rider for the disposition of the Global Adjustment account that should not be included. The Board has approved disposition of the variance amount related to this class over 12 monthly installments to the lone customer and there are no further rate riders required or applicable.

NBHDL has no further comments on the Draft Decision.

Yours truly,
