Dear Ms. Walli:

**Re: Ontario Power Generation Inc.
2017-2021 Payment Amounts
Ontario Energy Board File Number EB-2016-0152**

Please find attached a response prepared by Pacific Economics Group Research (PEG) on the memorandum prepared by London Economics International (LEI memorandum). The LEI memorandum, Exh A1-3-2 Attachment 6, was filed on December 22, 2016, in reply to the report entitled "IRM Design for Ontario Power Generation" prepared by PEG and filed as Exh M2 on November 23, 2016. A complete response by PEG to the LEI memorandum through examination in chief would have been very lengthy. It is hoped that providing PEG's written response in advance will both shorten the examination in chief and assist the parties in preparing their cross examinations.

In addition, please find attached the revised response to Exh M2-11.1-SEC-1 which was filed on December 14, 2016. The interrogatory response relates to the report prepared by PEG and filed as Exh M2. PEG was able to revise the response in light of additional information that was provided by OPG in its revised response to Exh L-11.1-SEC-95 which was filed on December 22, 2016.

OPG and all intervenors have been copied on this filing.

Yours truly,
