Re: E.L.K. Energy Inc. 2017 Electricity Rate Application  
AMPCO Intervention Request  
Board File No. EB-2016-0066

Dear Ms. Walli:

I am writing pursuant to the Board's Notice of Application and Hearing regarding the above proceeding to request intervenor status.

#### **AMPCO's Interest**

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to Ontario's large electricity consumers are being addressed.

AMPCO's interest in the Board's regulation of distribution and transmission companies relates generally to the interests of consumers with respect to price, adequacy, reliability and quality of electricity service, and, more particularly, to how costs are allocated to, and rates are designed to recover costs from, industrial customers. In the current application, AMPCO is also interested in reviewing E.L.K. Energy Inc's Distribution System Plan and the system needs that drive the level of investments proposed in this application.

We respectfully request that the Board please confirm AMPCO's eligibility for an award of costs in this matter. AMPCO has been granted intervenor cost awards in other OEB proceedings.
