**TO: All Residents and Businesses of Dubreuilville**

**RE: Algoma Power Inc. to Meet Dubreuilville's Electricity Needs**

---

Starting immediately, Algoma Power Inc. will be providing electricity services to the Township of Dubreuilville.

Dubreuil Lumber Inc. informed the Ontario Energy Board (OEB) that it will not be renewing its licence to distribute power locally. To ensure the residents and businesses of Dubreuilville have a safe and reliable electricity supply, the OEB has ordered Algoma Power to take over the electricity distribution operations of Dubreuil Lumber Inc. The OEB's Order and Interim Licence for Algoma Power are available at:  
<http://tinyurl.com/OEBOrder-Licence-API>.

Algoma Power, a licensed electricity distributor, has been supplying power to Dubreuil Lumber Inc. and has served customers in the area near the Township of Dubreuilville for many years. It has also provided assistance to Dubreuil Lumber Inc. in emergencies. Algoma Power's familiarity with the community will help ensure both a smooth transition and the continued operation of the distribution system.

The OEB's Order requires Algoma Power to operate Dubreuil Lumber Inc.'s electricity distribution system for six months, the maximum allowed by law. Your electricity charges are not affected by this Order.

During the next six months, Algoma Power will be reporting to the OEB on the state of the electricity distribution system in the Township of Dubreuilville. At the end of the six months, the OEB can renew its Order if necessary to ensure that you continue to have a safe and reliable supply of electricity.

If you have any questions or concerns about your electricity service as of today, you should contact Algoma Power Inc. at 1-877-457-7378.

The OEB is committed to protecting the interests of all Ontario's energy consumers. Please contact us at 1-877-632-2727 if you have any questions.

Sincerely,

*Original Signed By*
