**Re: Atikokan Hydro Inc.
EB-2016-0056 Rate Order
Tariff of Rates and Charges**

Dear Ms. Walli:

In the Rate Order dated April 13, 2017, the Ontario Energy Board approved Atikokan Hydro's Tariff of Rates and Charges with an implementation date of May 1, 2017.

Atikokan Hydro has reviewed the Decision and Order and is writing to inform the OEB some mistakes noted on the Tariff of Rates and Charges.

The General Service 50 to 4,999 KW shows an end date of April 30, 2019 for the Rate Rider for Group 2 Accounts but should read April 30, 2018. These dispositions were approved for one year.

Street Lighting shows an end date of April 30, 2019 for the Rate Rider for Group 2 Accounts but should read April 30, 2018. These dispositions were approved for one year.

For the Street Lighting Service Classification, the incorrect allocator is listed on the Tariff for the following lines.

For the line,

"Rate Rider for Disposition of Deferral/Variance Accounts (excluding Global Adj) (2017)
- effective April 30, 2018" \$/kWh 0.0469

Should have read

"Rate Rider for Disposition of Deferral/Variance Accounts (excluding Global Adj) (2017)
- effective April 30, 2018" \$/kW 0.0469

For the line,

"Rate Rider for Disposition of Deferral/Variance Accounts (excluding Global Adj.) - Non-WMP
- effective until April 30, 2018" \$/kWh (1.0583)

Should have read

"Rate Rider for Disposition of Deferral/Variance Accounts (excluding Global Adj.) - Non-WMP
- effective until April 30, 2018" \$/kW (1.0583)

For the line,

Rate Rider for Group 2 Accounts (2017) - effective until April 30, 2019 \$ 0.8577

Should have read

Rate Rider for Group 2 Accounts (2017) - effective until April 30, 2019 \$/kW 0.8577

Atikokan further comments these mistakes did not impact the bill impacts but are typos in the Tariff of Rates and Charges only.

Should the OEB have questions regarding this matter please contact at (807)597-6600 or via email at jen.wiens@athydro.com.
