Chippewas of Kettle and Stony Point First Nation
6247 Indian Lane
Kettle Point ON N0N 1J1

Dear Chief Bressette:

**Re: Union Gas Limited (Union)
OEB File Number EB-2015-0179**

Thank you for your letter of March 17, 2017 to the Chair of the Ontario Energy Board expressing your concern over delays in the processing of a Union application to serve your community with natural gas. Given that this community expansion proposal is a proceeding currently before the OEB, your letter has been placed on the record of that proceeding.

The OEB recently determined that it would allow for a competitive process where more than one entity has indicated an interest in serving the same community. The OEB ordered that any party that has previously been preparing service plans for your community and wished to apply to do so should indicate its intentions to the OEB. The March 28, 2017 deadline for submissions of those intentions has passed and there are no stated interests from other entities. As per its stated intention, Union filed its updated application on March 31, 2017. The OEB has reviewed the updated application and is presently preparing its next procedural instructions.

Yours truly,
