TRANSALTA COGENERATION LIMITED PARTNERSHIP

Application for Electricity Generation Licence Amendment

BY DELEGATION,

BEFORE: **Brian Hewson**

April 27, 2017

Order

TransAlta Cogeneration Limited Partnership (TransAlta) filed an application on March 28, 2017 with the Ontario Energy Board (OEB), under section 74 of the *Ontario Energy Board Act, 1998* (OEB Act) to amend its electricity generation licence EG-2003-0184.

TransAlta has requested to include the operator qualification for three generation facilities listed in Schedule 1 of its electricity generation licence EG-2003-0184. TransAlta is currently listed as the owner of the facilities only. The applicant stated that reference to operation of the facilities was inadvertently omitted from Schedule 1 of the licence and it applied to the OEB to correct this oversight.

TransAlta is reminded that it bears responsibility for ensuring that its licence properly reflects the licensee's qualifications with respect to the facilities listed in Schedule 1 of the licence. This licence amendment is granted without prejudice with regard to any future compliance actions.

I have considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

IT IS ORDERED THAT:

Schedule 1 of electricity generation licence EG-2003-0184 is amended. The amended licence is attached to this Order.
