Dear Board Secretary:

**Re: En-Powered Inc.
Application for Electricity Retailer License
OEB File Number EB-2017-0130**

In accordance with the Notice of Application and Written Hearing, and in response to the OEB staff's Interrogatories received by EnPowered on April 28th, please see below a request to extend the due date for a response.

As outlined in the Notice of Application and Written Hearing, a copy of which was dutifully placed on EnPowered's website, EnPowered was meant to file responses to each interrogatory with the OEB and deliver them to all interested parties in the proceeding no later than May 10, 2017. Unfortunately, EnPowered has been unable to provide a response to the OEB staff's Interrogatories by this date.

The reason for this delay is primarily due to the request for financial details in section 12. The OEB staff has requested financial statements and two year financial projections, materials that EnPowered did not have prepared at the time. These materials are currently being completed and will be provided to the board along with responses to the OEB staff's other questions, however it has taken more time than originally expected to complete these materials.

EnPowered would like to request that the deadline for submissions be extended, and would request that it be allowed to provide a response to the OEB staff's Interrogatories by Wednesday May 17th at which point a full submission will be completed and provided to the Board Secretary.

Our sincerest apologies for this delay.

A handwritten signature in black ink, appearing to read "Tvanstee", with a long horizontal flourish extending to the right.

Tomas van Stee
President and Founder
EnPowered
