InnPower Corporation

**Application for electricity distribution rates and other
charges beginning July 1, 2017**

**PROCEDURAL ORDER NO. 1
May 16, 2017**

InnPower Corporation (InnPower) filed an amended cost of service application with the Ontario Energy Board (OEB) on May 11, 2017 under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, (Schedule B), seeking approval for changes to the rates that InnPower charges for electricity distribution, to be effective July 1, 2017.

A Notice of Hearing was issued on February 22, 2017. Schools Energy Coalition (SEC) and the Vulnerable Energy Consumers Coalition (VECC) applied for intervenor status and cost eligibility.

No objection was received from InnPower.

SEC and VECC are approved as intervenors. The list of parties in this proceeding is attached as Schedule A to this Procedural Order. SEC and VECC are eligible to apply for an award of costs under the OEB's *Practice Direction on Cost Awards*.

Cost eligible intervenors should be aware that the OEB will not generally allow the recovery of costs for the attendance of more than one representative of any party, unless a compelling reason is provided when cost claims are filed.

Issues List

It is the OEB's expectation that parties will be best positioned to identify issues relevant to InnPower's application after the applicant has responded to interrogatories. InnPower, OEB staff and the intervenors shall develop and OEB staff shall file a proposed issues list for the OEB's consideration.

Interrogatories

At this time, provision will be made for written interrogatories. The OEB will review the single test year application both in the context of the projects and programs that are requested for the test year and from the perspective of the distributor's plans for the subsequent four years until the next scheduled rebasing application.

Parties should examine the value presented by the proposed investments as opposed to focussing only on the costs. Parties should also assess the fit between the applicant's plans and its stated objectives, and consider how the plans contribute to positive outcomes for customers, in particular those outcomes that arise from the asset management decisions reflected in the applicant's distribution system plan. The OEB will consider the entire five year distribution system plan to assess the planning and pacing proposals of the applicant and whether the test year requests are appropriately aligned with the distribution system plan. The OEB will also consider productivity and benchmarking results in assessing cost forecasts, bill impacts and distributor performance.

Parties should not engage in detailed exploration of items that do not appear to be material. Parties should use the materiality thresholds documented in Chapter 2 of the Filing Requirements as a guide. In making its decision on cost awards, the OEB will consider whether intervenors made reasonable efforts to ensure that their participation in the hearing was focused on material issues.

Parties should consult sections 26 and 27 of the OEB's Rules of Practice and Procedure regarding required naming and numbering conventions and other matters related to interrogatories.

It is necessary to make provision for the following matters related to this proceeding. Further procedural orders may be issued by the OEB.

IT IS THEREFORE ORDERED THAT:

1. OEB staff shall request any relevant information and documentation from InnPower that is in addition to the evidence already filed, by written interrogatories filed with the OEB and served on all parties by **May 30, 2017**.
2. Intervenors shall request any relevant information and documentation from InnPower that is in addition to the evidence already filed, by written interrogatories filed with the OEB and served on all parties by **June 2, 2017**.
3. InnPower shall file with the OEB complete written responses to all interrogatories and serve them on all intervenors and OEB staff by **June 23, 2017**.

All filings to the OEB must quote the file number, EB-2016-0085, be made in searchable/ unrestricted PDF format electronically through the OEB's web portal at <https://www.pes.oeb.ca/eservice/>. Two paper copies must also be filed at the OEB's address provided below. Filings must clearly state the sender's name, postal address and telephone number, fax number and e-mail address.
