Decision and Order

Following an incomplete application filed on February 15, 2017, Gas Ontario Inc., operating as GO Energy Power Inc. filed a complete application on March 28, 2017 with the Ontario Energy Board (OEB), under section 60 of the *Ontario Energy Board Act, 1998* for an Electricity Retailer Licence for Large Volume Consumers only. The licence would allow the applicant to retail electricity to large volume customers in Ontario.

A Notice of Application and Written Hearing was posted on the OEB's website on April 13, 2017. The Notice provided time for submissions on the application evidence, as well responses from the applicant. No parties responded to the Notice.

This Decision and Order is being issued by Delegated Authority, pursuant to Section 6 of the Act.

After considering the application, I find it to be in the public interest to issue an electricity retailer licence to Gas Ontario Inc., operating as GO Energy Power Inc.

IT IS ORDERED THAT:

1. The application for an electricity retailer licence (large volume consumers only) is granted, on such conditions as are contained in the attached licence.

DATED at Toronto, May 18, 2017
