To whom it may concern. I have received a notice from hydro one about their plan to increase their monthly delivery charges for the next 5 years. I AM ON A FIXED INCOME. My CCP cheques will come no where near the increases that hydro one wants to charge. I hope as a board you will deny these crooks their planned increase. You might also tell hydro one that to make ends meet they might try taking away some of the millions of dollars that the CEO and other VP's make. That might help hydro one make ends meet.

This planned increase by hydro one, will take away the 25% cut that the crook K. Wynn has tried to give us. I CANNOT AFFORD ANY INCREASE IN MY HYDRO BILL. I CANNOT AFFORD TO PAY FOR THE MISMANAGEMENT OF HYDRO ONE.
