As a Hydro One customer I do not approve this application for rate increases.

There should be a moratorium on all increases for Hydro One. The Wynne government is talking out of two sides of their mouths depending on their political agenda. You as the OEB should see this for what it is and decline this application. However have you ever done that? I wouldn't mind seeing the statistics of all the Hydro One rate increase applications that have been submitted to you in the last two years and how many were approved and how many were declined.

Sincerely,
Adrienne Rogers
