Re: File Number EB-2017-0049 - Hydro One Networks Inc. - Application for 2018-2022
Distribution Rates (the "Application") - Request for Intervenor Status

Dear Ms. Walli:

By way of this letter, Cable Cable Inc. seeks intervenor status in the proceeding to address Hydro One's request in the Application for an increase in its wireline pole attachment rate (the "Pole Rate").

Cable Cable Inc. is a telecommunications carrier and broadcasting distribution undertaking that has wireline communications attachments on Hydro One's poles and therefore is required to pay the Pole Rate approved by the Board. As such, Cable Cable Inc. has a substantial interest in this aspect of the Application and seeks intervenor status to participate in the proceeding with respect to the Board's determination of the Pole Rate.

Cable Cable Inc. reserves the right to participate in all aspects of the process that the Board may order, to the extent these processes relate to the Pole Rate. Cable Cable Inc. believes that it is premature to make a determination on whether an oral hearing is appropriate for this matter. Cable Cable Inc. requests that further correspondence with respect to this matter be sent to my attention below.

Sincerely,
