Enbridge Gas Distribution  
500 Consumers Road  
North York, Ontario M2J 1P8  
Canada

June 12, 2017

**VIA COURIER AND RESS**

Ms. Kirsten Walli  
Board Secretary  
Ontario Energy Board  
2300 Yonge Street, 27<sup>th</sup> Floor  
Toronto, Ontario  
M4P 1E4

Dear Ms. Walli:

**Re: Enbridge Gas Distribution Inc. ("Enbridge")  
Application for the Renewal of the Franchise Agreement for the  
Township of Laurentian Valley**

---

As the Franchise Agreement between the Township of Laurentian Valley and Enbridge is set to expire on September 3, 2017, Enbridge wishes to apply to the Ontario Energy Board ("Board") for an order granting approval of a new franchise agreement with the Township.

At this time, Enbridge Gas Distribution is also applying for an Interim Order, pursuant to subsection 10(4) of the Act, for an extension of the right for a period required to permit the Board sufficient time to process the renewal request.

Enclosed please find two paper copies of the following:

- The aforementioned application;
- Schedule A – A map showing the location of the Laurentian Valley;
- Schedule B – The current by-law number 99-7 and franchise agreement dated April 19, 1999 for the former Township of Alice & Fraser and the current by-law 26-09-97 and franchise agreement dated September 3, 1997 for the former Township of Stafford and Pembroke;
- Schedule C - The Certificates of Public Convenience and Necessity with the former Township of Alice & Fraser – FBC 138 dated December 9, 1957, the former Township of Pembroke – FBC 137 dated December 9, 1957 and the former Township of Stafford – FBC 178 dated February 19, 1958;
- Schedule D – The signed resolution from the Township dated April 4, 2017, the form of the by-law, and the proposed franchise agreement.

The application has been filed through the Board's Regulatory Electronic Submission System ("RESS"). The confirmation number has been included in the package.

As noted in the Application, the Board requested Enbridge to, in addition to the customary information filed in support of franchise renewal applications, file a map of the relevant municipality that identifies all of the existing Enbridge gas mains. Enbridge is therefore also filing in confidence a separate Schedule "A-1 Confidential" that constitutes the requested map. Enbridge requests confidential treatment of this Schedule by the Board for the following reasons:

- 1) Enbridge does not typically share large-scale gas main maps or information ("Mains Information") with third parties as Mains Information is considered by Enbridge to be confidential and proprietary information. In the event that Enbridge does share Mains Information with third parties, it does so pursuant to a confidentiality undertaking or license to use the information for restricted purposes and to treat the information as confidential. For example, Enbridge may share Mains Information with municipalities, Ontario One Call and operations service providers for limited purposes. Enbridge also notes that its Mains Information is subject to change on a frequent basis and a static map may only be valid for a short period of time.
- 2) Enbridge submits that the public disclosure of Mains Information poses both a safety and a security risk. Access to Mains Information on the public record may be used by third parties to determine gas system configurations or "road maps" and points of sensitivity or vulnerability that may expose Enbridge to security risks. Further, persons planning developments or excavation projects may attempt to use the Mains Information in substitution for required locates, despite the fact that obtaining locates is required by law. Enbridge experiences well over 1000 damages every year, many of which are caused in part by a failure to obtain proper locates. Publicizing Mains Information may exacerbate this already serious safety concern that Enbridge works very hard to manage and control.
- 3) Mains Information reveals customer information and such information is normally protected from public disclosure by the Board (pursuant to the *Gas Distribution Access Rule* and *Affiliate Relationships Code for Gas Utilities*) and privacy legislation. If Enbridge has a gas main located in a particular right of way or area, a third party could assume that the majority of residents and businesses in that area receive gas service. This would be especially discernable in more isolated areas where there are few businesses or residents. Although Enbridge would not be revealing customer names and addresses directly, such information could easily be compiled with reasonable accuracy when combined with other publicly available information.

Ms. Kirsten Walli

## ONTARIO ENERGY BOARD

IN THE MATTER OF the *Municipal Franchises Act*, R.S.O. 1990, c. M.55; as amended;

AND IN THE MATTER OF an application by Enbridge Gas Distribution Inc. for an order granting the right to construct or operate works for the distribution of gas, and the right to extend or add to the works, in the Township of Laurentian Valley;

AND IN THE MATTER OF an application by Enbridge Gas Distribution Inc. for an order canceling the existing certificates of public convenience and necessity for certain geographic areas now incorporated within the Township of Laurentian Valley and replacing with a single certificate of public convenience and necessity for the Township of Laurentian Valley.

AND IN THE MATTER OF an application by Enbridge Gas Distribution Inc. for an order amalgamating the existing agreements for certain geographic areas now incorporated within the Township of Laurentian Valley and replacing with a single franchise agreement for the Township of Laurentian Valley.

## APPLICATION

1. Enbridge Gas Distribution Inc. (the "Applicant") is an Ontario corporation with its head office in the City of Toronto.
2. The Corporation of the Township of Laurentian Valley ("Corporation") is a municipal Ontario corporation with its head office at 460 Witt Road, R.R. 4, Pembroke, Ontario K8A 6W5. The Corporation's Clerk is Mr. Dean Sauriol. Attached hereto and marked as Schedule "A" is a map showing the geographical location of the Township of Laurentian Valley ("Municipality"). Enbridge currently serves approximately 1490 billed customers in the Corporation.
3. As requested by the Board, the Applicant is also filing on a confidential basis a map of the Municipality in the form of Schedule "A" but showing the Applicant's gas mains

and marked as Schedule "A-1 Confidential". The Applicant requests that the Board hold Schedule "A-1" in confidence pursuant to Section 10.01 of the Board's Rules of Practice and Procedure and Practice Direction on Confidential Filings for the reasons set out in the Applicant's cover letter for this Application.

4. The Municipality was formed on January 1, 2000 with the amalgamation of the Corporation of the Township of Alice & Fraser, the Corporation of the Township of Pembroke and the Corporation of the Township of Stafford.
5. The Applicant possesses franchise agreements permitting it to distribute, store and transmit gas in the parts of the Municipality comprising the geographical areas of:
  - i. the former Township of Alice & Fraser (pursuant to By-law No. 99-7 dated April 19, 1999); and,
  - ii. the former Township of Stafford and Pembroke (pursuant to By-law No. 26-09-97 dated September 3, 1997).

Attached hereto and marked as Schedule "B" are copies of the aforementioned By-Laws and franchise agreements.

6. The Applicant possesses certificates of public convenience and necessity (the "Certificates") permitting it to distribute, store and transmit gas in the parts of the Municipality comprising the geographical areas of:
  - i. the former Township of Alice & Fraser (pursuant to certificate No. FBC 138 dated December 9, 1957);
  - ii. the former Township of Pembroke (pursuant to certificate No. FBC 137 dated December 9, 1957); and,
  - iii. the former Township of Stafford (pursuant to certificate No. FBC 178 dated February 19, 1958).

Attached hereto and marked as Schedule "C" are copies of the aforementioned Certificates.

7. The Applicant wishes to replace its existing Certificates with a single certificate of public convenience and necessity to construct and to operate works for the distribution of gas in the whole Municipality, as required for present and future public convenience and necessity.
8. The Applicant wishes to replace its existing franchise agreements and enter into a municipal franchise agreement with the Municipality, in the form of the Ontario Energy Board ("Board") approved 2000 Model Franchise Agreement, with no

amendments. Attached hereto and marked as Schedule "D", are: the signed Resolution, the form of the Municipality's By-law granting to the Applicant the municipal franchise; a copy of the proposed municipal franchise agreement between the Applicant and the Municipality (the "Franchise Agreement"); and a draft Resolution providing evidence of concurrence of the foregoing on the part of the Municipality.

9. The Applicant hereby applies to the Board, pursuant to Section 9 of the *Municipal Franchises Act*, R.S.O. c. M.55, for:

- i) an Order renewing the Applicant's right to distribute, store, and transmit gas in and through the Municipality for such period of time and upon the terms set out in the Agreement, or as may otherwise be prescribed by the Board;
- ii) an Order directing and declaring that the assent of the municipal electors to the terms and conditions of the franchise agreement is not necessary;
- iii) an Order to replace the existing franchise agreements for the Township of Alice & Fraser and Township of Stafford and Pembroke and enter into a municipal franchise agreement with the Township of Laurentian Valley, in the form of the Ontario Energy Board approved 2000 Model Franchise Agreement, with no amendments for a term of twenty years.
- iv) an Order, pursuant to subsection 8(2) of the Act, canceling the Applicant's existing certificates of public convenience and necessity for the former Township of Alice & Fraser, Township of Pembroke, and Township of Stafford and replacing it with a certificate of public convenience and necessity for the Township of Laurentian Valley.
- v) an Interim Order granting the extension of the term of the right to construct or operate works for the distribution of gas in the Township of Laurentian Valley and of the right to extend or add to such works. More specifically, the Company applies for an Interim Order, pursuant to subsection 10(4) of the Act, for an extension of the right for a period required to permit the Board sufficient time to process the renewal request.

10. The persons affected by this application are the customers and other residents in the Municipality. Because of the number of such persons, it is impractical to set out their names and addresses herein.

DATED at Toronto this 12<sup>th</sup> day of June, 2017.

THE CORPORATION OF THE TOWNSHIP OF ALICE & FRASER  
 BY-LAW NUMBER 99-7

**A BY-LAW TO AUTHORIZE A FRANCHISE AGREEMENT  
 BETWEEN THE CORPORATION AND  
 THE CONSUMERS' GAS COMPANY LTD.**

**WHEREAS** the Council of the Corporation deems it expedient to enter into the attached franchise agreement with The Consumers' Gas Company Ltd:

**AND WHEREAS** the Ontario Energy Board by its Order issued pursuant to The Municipal Franchises Act on the 26 day of MARCH, 1999 has approved the terms and conditions upon which and the period for which the franchise provided for in the attached agreement is proposed to be granted, and has declared and directed that the assent of the municipal electors in respect of this By-law is not necessary;

**AND WHEREAS** The Consumers' Gas Company Ltd. has provided the Corporation with a consent to the repeal of the By-law hereinafter referred to:

**NOW THEREFORE BE IT ENACTED:**

1. That the attached franchise agreement between the Corporation and The Consumers' Gas Company Ltd. is hereby authorized and the franchise provided for therein is hereby granted.
2. That the Reeve and the Clerk are hereby authorized and instructed on behalf of the Corporation to enter into and execute under its corporate seal and deliver the aforesaid agreement, which agreement is hereby incorporated into and shall form part of this By-law.
3. That the By-law referred to in Schedule "A" annexed hereto and forming part of this By-law is hereby repealed insofar as it applies to any area within the present geographic limits of the Corporation.

ENACTED AND PASSED this 19 day of April, 1999.

Bruce Lloyd  
 Clerk

Robert Watt  
 Reeve

## **SCHEDULE "A"**

By-Law No. 79-500 passed by the Council of the Corporation of the Township of Alice & Fraser on the 21st day of November, 1979.

THE CONSUMERS' GAS COMPANY LTD.

FRANCHISE AGREEMENT

THIS AGREEMENT made this  
BETWEEN:

19th day of April, 1999

THE CORPORATION OF THE  
TOWNSHIP OF ALICE & FRASER

hereinafter called the "Corporation"

- and -

THE CONSUMERS' GAS COMPANY LTD.

hereinafter called the "Gas Company"

**WHEREAS** the Gas Company desires to distribute and sell gas in the Municipality upon the terms and conditions of this Agreement;

**AND WHEREAS** by by-law passed by the Council of the Corporation (the "By-law"), the Mayor and the Clerk have been authorized and directed to execute this Agreement on behalf of the Corporation;

**THEREFORE** the Corporation and the Gas Company agree as follows:

**I Definitions**

1. In this Agreement:

- (a) "gas" means natural gas, manufactured gas, synthetic natural gas, liquefied petroleum gas or propane-air gas, or a mixture of any of them, but does not include a liquefied petroleum gas that is distributed by means other than a pipeline;
- (b) "gas system" means such mains, plants, pipes, conduits, services, valves, regulators, curb boxes, stations, drips or such other equipment as the Gas Company may require or deem desirable for the supply, transmission and distribution of gas in or through the Municipality;
- (c) "highway" means all common and public highways and shall include any bridge, viaduct or structure forming part of a highway, and any public square, road allowance or walkway and shall include not only the travelled portion of such highway, but also ditches, driveways, sidewalks, and sodded areas forming part of the road allowance now or at any time during the term hereof under the jurisdiction of the Corporation;
- (d) "Municipality" means the territorial limits of the Corporation on the date when this Agreement takes effect, and any territory which may thereafter be brought within the jurisdiction of the Corporation;
- (e) "Engineer/Road Superintendent" means the most senior individual employed by the Corporation with responsibilities for highways within the Municipality or the person designated by such senior employee or such other person as may from time to time be designated by the Council of the Corporation.

## II Rights Granted

1. To provide gas service.

The consent of the Corporation is hereby given and granted to the Gas Company to supply gas in the Municipality to the Corporation and to the inhabitants of the Municipality.

2. To use road allowances.

The consent of the Corporation is hereby given and granted to the Gas Company to enter upon all highways now or at any time hereafter under the jurisdiction of the Corporation and to lay, construct, maintain, replace, remove, operate and repair a gas system for the supply, distribution and transmission of gas in and through the Municipality.

3. Duration of Agreement and Renewal Procedures.

The rights hereby given and granted shall be for a term of twenty (20) years from the date of final passing of the By-law.

At any time within two years prior to the expiration of this Agreement, either party may give notice to the other that it desires to enter into negotiations for a renewed franchise upon such terms and conditions as may be agreed upon. Until such renewal has been settled, the terms and conditions of this Agreement shall continue, notwithstanding the expiration of this Agreement. Nothing herein stated shall preclude either party from applying to the Ontario Energy Board for a renewal of the Agreement pursuant to section 10 of the **Municipal Franchises Act**.

## III Conditions

1. Approval of Construction.

Before beginning construction of or any extension or change to the gas system (except service laterals which do not interfere with municipal works in the highway), the Gas Company shall file with the Engineer/Road Superintendent a plan, satisfactory to the Engineer/Road Superintendent, drawn to scale and of sufficient detail considering the complexity of the specific location, showing the highways in which it proposes to lay its gas system and the particular parts thereof it proposes to occupy. Geodetic information will not be required except in complex urban intersections in order to facilitate known projects, being projects which are reasonably anticipated by the Engineer/Road Superintendent. The Engineer/Road Superintendent may require sections of the gas system to be laid at a greater depth than required by CAN/CSA- Z184-M92 to facilitate known projects. The location of the work as shown on the said plan must be approved by the Engineer/Road Superintendent before the commencement of the work and the timing, terms and conditions relating to the installation of such works shall be to his satisfaction.

Notwithstanding the provisions of the above noted paragraph, in the event it is proposed to affix a part of the gas system to a bridge, viaduct or structure, the Engineer/Road Superintendent may, if the Engineer/Road Superintendent approves of such location, require special conditions or a separate agreement.

No excavation, opening or work which shall disturb or interfere with the surface of the travelled portion of any highway shall be made or done unless a permit therefor has first been obtained from the Engineer/Road Superintendent and all works shall be done to his satisfaction.

\*The rights given and granted for a first agreement shall be for a term of 20 years. The rights given and granted for any subsequent agreement shall be for a term of not more than 15 years, unless both parties agree to extend the term to a term of 20 years maximum.

The Engineer/Road Superintendent's approval, where required throughout this section, shall not be withheld unreasonably.

2. As Built Drawings.

The Gas Company shall not deviate from the approved location for any part of the gas system unless the prior approval of the Engineer/Road Superintendent to do so is received. After completion of the construction, where plans were initially filed, an "as built" plan of equal quality to the pre-construction plan or certification that the pre-construction plan is "as built" will be filed with the Engineer/Road Superintendent.

3. Emergencies.

In the event of an emergency involving the gas system, the Gas Company will proceed with the work and in any instance where prior approval of the Engineer/Road Superintendent is normally required, shall use its best efforts to immediately notify the Engineer/Road Superintendent of the location and nature of the emergency and the work being done and, if it deems appropriate, notify the police force having jurisdiction.

4. Restoration.

The Gas Company shall well and sufficiently restore, to the reasonable satisfaction of the Engineer/Road Superintendent, all highways, municipal works or improvements which it may excavate or interfere with in the course of laying, constructing, repairing or removing its gas system, and shall make good any settling or subsidence thereafter caused by such excavation or interference. If the Gas Company fails at any time to do any work required by this paragraph within a reasonable period of time, the Corporation may do or cause such work to be done and the Gas Company shall, on demand, pay any reasonable account therefor as certified by the Engineer/Road Superintendent.

5. Indemnification.

The Gas Company shall, at all times, indemnify and save harmless the Corporation from and against all claims, including costs related thereto, for all damages or injuries including death to any person or persons and for damage to any property, arising out of the Gas Company operating, constructing, and maintaining its gas system in the Municipality, or utilizing its gas system for the carriage of gas owned by others. Provided that the Gas Company shall not be required to indemnify or save harmless the Corporation from and against claims, including costs related thereto, which it may incur by reason of damages or injuries including death to any person or persons and for damage to any property, resulting from the negligence or wrongful act of the Corporation, its servants, agents or employees.

6. Alternative Easement.

The Corporation agrees, in the event of the proposed sale or closing of any highway or any part of a highway where there is a gas line in existence, to give the Gas Company reasonable notice of such proposed sale or closing and to provide, if it is feasible, the Gas Company with easements over that part of the highway proposed to be sold or closed sufficient to allow the Gas Company to preserve any part of the gas system in its then existing location. In the event that such easements cannot be provided, the Corporation will share, as provided in clause III. 7 of this Agreement, in the cost of relocating or altering the gas system to facilitate continuity of gas service.

## 7. Pipeline Relocation.

If in the course of constructing, reconstructing, changing, altering or improving any highway or any municipal works, the Corporation deems that it is necessary to take up, remove or change the location of any part of the gas system, the Gas Company shall, upon notice to do so, remove and/or relocate within a reasonable period of time such part of the gas system to a location approved by the Engineer/Road Superintendent.

Where any part of the gas system relocated in accordance with this section is located on a bridge, viaduct or structure, the Gas Company shall alter or relocate, at its sole expense, such part of the gas system.

Where any part of the gas system relocated in accordance with this section is located other than on a bridge, viaduct or structure, the costs of relocation shall be shared between the Corporation and the Gas Company on the basis of the total relocation costs, excluding the value of any upgrading of the gas system, and deducting any contribution paid to the Gas Company by others in respect to such relocation; and for these purposes, the total relocation costs shall be the aggregate of the following:

- (a) the amount paid to Gas Company employees up to and including field supervisors for the hours worked on the project plus the current cost of fringe benefits for these employees.
- (b) the amount paid for rental equipment while in use on the project and an amount, charged at the unit rate, for Gas Company equipment while in use on the project.
- (c) the amount paid by the Gas Company to contractors for work related to the project.
- (d) the cost to the Gas Company for materials used in connection with the project, and
- (e) a reasonable amount for project engineering and project administrative costs which shall be 22.5% of the aggregate of the amounts determined in items (a), (b), (c) and (d) above.

The total relocation costs as calculated above shall be paid 35% by the Corporation and 65% by the Gas Company.

## 8. Notice to Drainage Superintendent.

In a case where the gas system may affect a municipal drain, the Gas Company shall file with the Drainage Superintendent, for purposes of the **Drainage Act**, or other person responsible for the drain, a copy of the plan required to be filed with the Engineer/Road Superintendent.

**IV Procedural And Other Matters**

## 1. Municipal By-laws of General Application.

This Agreement and the respective rights and obligations hereunto of the parties hereto are hereby declared to be subject to the provisions of all regulating statutes and all municipal by-laws of general application and to all orders and regulations made thereunder from time to time remaining in effect save and except by-laws which impose permit fees and by-laws which have the effect of amending this Agreement.

## 2. Giving Notice.

Notices may be given by delivery or by mail, and if mailed, by prepaid registered post, to the Gas Company at its head office or to the Clerk of the Corporation at its municipal offices, as the case may be.

## 3. Disposition of Gas System.

During the term of this Agreement, if the Gas Company abandons a part of its gas system affixed to a bridge, viaduct or structure, the Gas Company shall, at its sole expense, remove that part of its gas system affixed to the bridge, viaduct or structure.

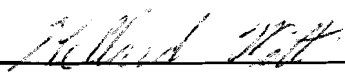

If at any time the Gas Company abandons any other part of its gas system, it shall deactivate that part of its gas system in the Municipality. Thereafter, the Gas Company shall have the right, but nothing herein contained shall require it, to remove its gas system. If the Gas Company fails to remove its gas system and the Corporation requires the removal of all or any of the gas system for the purpose of altering or improving a highway or in order to facilitate the construction of utility or other works in any highway, the Corporation may remove and dispose of so much of the deactivated gas system as the Corporation may require for such purposes and neither party shall have recourse against the other for any loss, cost, expense or damage occasioned thereby.

## 4. Agreement Binding Parties.

This Agreement shall extend to, benefit and bind the parties thereto, their successors and assigns, respectively.

IN WITNESS WHEREOF the parties hereto have duly executed these presents with effect from the date first above written.

**THE CORPORATION OF THE  
TOWNSHIPS OF STAFFORD & PEMBROKE**

**BY-LAW NUMBER 26-09-97**

**A BY-LAW TO AUTHORIZE A FRANCHISE AGREEMENT BETWEEN THE  
CORPORATION OF THE TOWNSHIPS OF STAFFORD & PEMBROKE AND THE  
CONSUMERS' GAS COMPANY LTD.**

*WHEREAS the Council of the Corporation of the Townships of Stafford and Pembroke  
deems it expedient to enter into the attached franchise agreement with the Consumers' Gas  
Company Ltd.,*

*AND WHEREAS, the Ontario Energy Board, by its Order issued pursuant to the  
Municipal Franchises Act on the 20<sup>th</sup> day of December, 1996, has approved the terms and  
conditions upon which and the period for which the franchise provided for in the attached  
agreement is proposed to be granted and has declared and directed that the assent of the  
municipal electors in respect to this By-Law is not necessary;*

*AND WHEREAS, the Consumers' Gas Company Ltd. has provided the Corporation with  
a consent to the repeal of the By-Law hereinafter referred to as Schedule "A";*

**NOW THEREFORE THE MUNICIPAL COUNCIL OF THE CORPORATION OF  
THE TOWNSHIPS OF STAFFORD & PEMBROKE ENACTS AS FOLLOWS:**

- 1. That the attached franchise agreement between the Corporation of the Townships  
of Stafford & Pembroke and the Consumers' Gas Company Ltd. Is hereby  
authorized and the franchise provided for therein is hereby granted.*
- 2. That the Reeve and Chief Administrative Officer be, and they are, hereby  
authorized and instructed, on behalf of the Corporation, to enter into and  
execute under its corporate seal and deliver the aforesaid agreement, which  
agreement is hereby incorporated into and shall form part of this By-Law.*
- 3. That the By-Law referred to in Schedule "A" annexed hereto and forming  
part of this By-Law is hereby repealed in so far as it applies to any area  
within the present geographic limits of the Corporation.*

*This By-Law given its FIRST and SECOND reading this 3rd day of September 1997.*

*This By-Law read a THIRD time this 3rd day of September, 1997.*

## **II Rights Granted**

### **1. To provide gas service.**

The consent of the Corporation is hereby given and granted to the Gas Company to supply gas in the Municipality to the Corporation and to the inhabitants of the Municipality.

### **2. To use road allowances.**

The consent of the Corporation is hereby given and granted to the Gas Company to enter upon all highways now or at any time hereafter under the jurisdiction of the Corporation and to lay, construct, maintain, replace, remove, operate and repair a gas system for the supply, distribution and transmission of gas in and through the Municipality.

### **3. Duration of Agreement and Renewal Procedures.**

The rights hereby given and granted shall be for a term of twenty (20) years\* from the date of final passing of the By-law.

At any time within two years prior to the expiration of this Agreement, either party may give notice to the other that it desires to enter into negotiations for a renewed franchise upon such terms and conditions as may be agreed upon. Until such renewal has been settled, the terms and conditions of this Agreement shall continue, notwithstanding the expiration of this Agreement. Nothing herein stated shall preclude either party from applying to the Ontario Energy Board for a renewal of the Agreement pursuant to section 10 of the **Municipal Franchises Act**.

## **III Conditions**

### **1. Approval of Construction.**

Before beginning construction of or any extension or change to the gas system (except service laterals which do not interfere with municipal works in the highway), the Gas Company shall file with the Engineer/Road Superintendent a plan, satisfactory to the Engineer/Road Superintendent, drawn to scale and of sufficient detail considering the complexity of the specific location, showing the highways in which it proposes to lay its gas system and the particular parts thereof it proposes to occupy. Geodetic information will not be required except in complex urban intersections in order to facilitate known projects, being projects which are reasonably anticipated by the Engineer/Road Superintendent. The Engineer/Road Superintendent may require sections of the gas system to be laid at a greater depth than required by CAN/CSA- Z184-M92 to facilitate known projects. The location of the work as shown on the said plan must be approved by the Engineer/Road Superintendent before the commencement of the work and the timing, terms and conditions relating to the installation of such works shall be to his satisfaction.

Notwithstanding the provisions of the above noted paragraph, in the event it is proposed to affix a part of the gas system to a bridge, viaduct or structure, the Engineer/Road Superintendent may, if the Engineer/Road Superintendent approves of such location, require special conditions or a separate agreement.

No excavation, opening or work which shall disturb or interfere with the surface of the travelled portion of any highway shall be made or done unless a permit therefor has first been obtained from the Engineer/Road Superintendent and all works shall be done to his satisfaction.

\*The rights given and granted for a first agreement shall be for a term of 20 years. The rights given and granted for any subsequent agreement shall be for a term of not more than 15 years, unless both parties agree to extend the term to a term of 20 years maximum.

The Engineer/Road Superintendent's approval, where required throughout this section, shall not be withheld unreasonably.

2. As Built Drawings.

The Gas Company shall not deviate from the approved location for any part of the gas system unless the prior approval of the Engineer/Road Superintendent to do so is received. After completion of the construction, where plans were initially filed, an "as built" plan of equal quality to the pre-construction plan or certification that the pre-construction plan is "as built" will be filed with the Engineer/Road Superintendent.

3. Emergencies.

In the event of an emergency involving the gas system, the Gas Company will proceed with the work and in any instance where prior approval of the Engineer/Road Superintendent is normally required, shall use its best efforts to immediately notify the Engineer/Road Superintendent of the location and nature of the emergency and the work being done and, if it deems appropriate, notify the police force having jurisdiction.

4. Restoration.

The Gas Company shall well and sufficiently restore, to the reasonable satisfaction of the Engineer/Road Superintendent, all highways, municipal works or improvements which it may excavate or interfere with in the course of laying, constructing, repairing or removing its gas system, and shall make good any settling or subsidence thereafter caused by such excavation or interference. If the Gas Company fails at any time to do any work required by this paragraph within a reasonable period of time, the Corporation may do or cause such work to be done and the Gas Company shall, on demand, pay any reasonable account therefor as certified by the Engineer/Road Superintendent.

5. Indemnification.

The Gas Company shall, at all times, indemnify and save harmless the Corporation from and against all claims, including costs related thereto, for all damages or injuries including death to any person or persons and for damage to any property, arising out of the Gas Company operating, constructing, and maintaining its gas system in the Municipality, or utilizing its gas system for the carriage of gas owned by others. Provided that the Gas Company shall not be required to indemnify or save harmless the Corporation from and against claims, including costs related thereto, which it may incur by reason of damages or injuries including death to any person or persons and for damage to any property, resulting from the negligence or wrongful act of the Corporation, its servants, agents or employees.

6. Alternative Easement.

The Corporation agrees, in the event of the proposed sale or closing of any highway or any part of a highway where there is a gas line in existence, to give the Gas Company reasonable notice of such proposed sale or closing and to provide, if it is feasible, the Gas Company with easements over that part of the highway proposed to be sold or closed sufficient to allow the Gas Company to preserve any part of the gas system in its then existing location. In the event that such easements cannot be provided, the Corporation will share, as provided in clause III, 7 of this Agreement, in the cost of relocating or altering the gas system to facilitate continuity of gas service.

## 7. Pipeline Relocation.

If in the course of constructing, reconstructing, changing, altering or improving any highway or any municipal works, the Corporation deems that it is necessary to take up, remove or change the location of any part of the gas system, the Gas Company shall, upon notice to do so, remove and/or relocate within a reasonable period of time such part of the gas system to a location approved by the Engineer/Road Superintendent.

Where any part of the gas system relocated in accordance with this section is located on a bridge, viaduct or structure, the Gas Company shall alter or relocate, at its sole expense, such part of the gas system.

Where any part of the gas system relocated in accordance with this section is located other than on a bridge, viaduct or structure, the costs of relocation shall be shared between the Corporation and the Gas Company on the basis of the total relocation costs, excluding the value of any upgrading of the gas system, and deducting any contribution paid to the Gas Company by others in respect to such relocation; and for these purposes, the total relocation costs shall be the aggregate of the following:

- (a) the amount paid to Gas Company employees up to and including field supervisors for the hours worked on the project plus the current cost of fringe benefits for these employees,
- (b) the amount paid for rental equipment while in use on the project and an amount, charged at the unit rate, for Gas Company equipment while in use on the project,
- (c) the amount paid by the Gas Company to contractors for work related to the project,
- (d) the cost to the Gas Company for materials used in connection with the project, and
- (e) a reasonable amount for project engineering and project administrative costs which shall be 22.5% of the aggregate of the amounts determined in items (a), (b), (c) and (d) above.

The total relocation costs as calculated above shall be paid 35% by the Corporation and 65% by the Gas Company.

## 8. Notice to Drainage Superintendent.

In a case where the gas system may affect a municipal drain, the Gas Company shall file with the Drainage Superintendent, for purposes of the **Drainage Act**, or other person responsible for the drain, a copy of the plan required to be filed with the Engineer/Road Superintendent.

## IV Procedural And Other Matters

### 1. Municipal By-laws of General Application.

This Agreement and the respective rights and obligations hereunto of the parties hereto are hereby declared to be subject to the provisions of all regulating statutes and all municipal by-laws of general application and to all orders and regulations made thereunder from time to time remaining in effect save and except by-laws which impose permit fees and by-laws which have the effect of amending this Agreement.

### 2. Giving Notice.

Notices may be given by delivery or by mail, and if mailed, by prepaid registered post, to the Gas Company at its head office or to the Clerk of the Corporation at its municipal offices, as the case may be.

## 3. Disposition of Gas System.

During the term of this Agreement, if the Gas Company abandons a part of its gas system affixed to a bridge, viaduct or structure, the Gas Company shall, at its sole expense, remove that part of its gas system affixed to the bridge, viaduct or structure.

If at any time the Gas Company abandons any other part of its gas system, it shall deactivate that part of its gas system in the Municipality. Thereafter, the Gas Company shall have the right, but nothing herein contained shall require it, to remove its gas system. If the Gas Company fails to remove its gas system and the Corporation requires the removal of all or any of the gas system for the purpose of altering or improving a highway or in order to facilitate the construction of utility or other works in any highway, the Corporation may remove and dispose of so much of the deactivated gas system as the Corporation may require for such purposes and neither party shall have recourse against the other for any loss, cost, expense or damage occasioned thereby.

## 4. Agreement Binding Parties.

This Agreement shall extend to, benefit and bind the parties thereto, their successors and assigns, respectively.

IN WITNESS WHEREOF the parties hereto have duly executed these presents with effect from the date first above written.

## Model Franchise Agreement

THIS AGREEMENT effective this            day of            , 20    .

BETWEEN: The Corporation of The Township of Laurentian Valley hereinafter  
called the "Corporation"

- and -

Enbridge Gas Distribution Inc. hereinafter called the "Gas Company"

**WHEREAS** the Gas Company desires to distribute, store and transmit gas in the Municipality upon the terms and conditions of this Agreement;

**AND WHEREAS** by by-law passed by the Council of the Corporation (the "By-law"), the duly authorized officers have been authorized and directed to execute this Agreement on behalf of the Corporation;

**THEREFORE** the Corporation and the Gas Company agree as follows:

### Part I - Definitions

1. In this Agreement:

- a. "decommissioned" and "decommissions" when used in connection with parts of the gas system, mean any parts of the gas system taken out of active use and purged in accordance with the applicable CSA standards and in no way affects the use of the term 'abandoned' pipeline for the purposes of the Assessment Act;
- b. "Engineer/Road Superintendent" means the most senior individual employed by the Corporation with responsibilities for highways within the Municipality or the person designated by such senior employee or such other person as may from time to time be designated by the Council of the Corporation;
- c. "gas" means natural gas, manufactured gas, synthetic natural gas, liquefied petroleum gas or propane-air gas, or a mixture of any of them, but does not include a liquefied petroleum gas that is distributed by means other than a pipeline;
- d. "gas system" means such mains, plants, pipes, conduits, services, valves, regulators, curb boxes, stations, drips or such other equipment as the Gas Company may require or deem desirable for the

distribution, storage and transmission of gas in or through the Municipality;

- e. "highway" means all common and public highways and shall include any bridge, viaduct or structure forming part of a highway, and any public square, road allowance or walkway and shall include not only the travelled portion of such highway, but also ditches, driveways, sidewalks, and sodded areas forming part of the road allowance now or at any time during the term hereof under the jurisdiction of the Corporation;
- f. "Model Franchise Agreement" means the form of agreement which the Ontario Energy Board uses as a standard when considering applications under the Municipal Franchises Act. The Model Franchise Agreement may be changed from time to time by the Ontario Energy Board;
- g. "Municipality" means the territorial limits of the Corporation on the date when this Agreement takes effect, and any territory which may thereafter be brought within the jurisdiction of the Corporation;
- h. "Plan" means the plan described in Paragraph 5 of this Agreement required to be filed by the Gas Company with the Engineer/Road Superintendent prior to commencement of work on the gas system; and
- i. whenever the singular, masculine or feminine is used in this Agreement, it shall be considered as if the plural, feminine or masculine has been used where the context of the Agreement so requires.

## **Part II - Rights Granted**

2. To provide gas service:

The consent of the Corporation is hereby given and granted to the Gas Company to distribute, store and transmit gas in and through the Municipality to the Corporation and to the inhabitants of the Municipality.

### 3. To Use Highways.

Subject to the terms and conditions of this Agreement the consent of the Corporation is hereby given and granted to the Gas Company to enter upon all highways now or at any time hereafter under the jurisdiction of the Corporation and to lay, construct, maintain, replace, remove, operate and repair a gas system for the distribution, storage and transmission of gas in and through the Municipality.

### 4. Duration of Agreement and Renewal Procedures.

- a. If the Corporation has not previously received gas distribution services, the rights hereby given and granted shall be for a term of 20 years from the date of final passing of the By-law.

or

- b. If the Corporation has previously received gas distribution services, the rights hereby given and granted shall be for a term of 20 years from the date of final passing of the By-law provided that, if during the 20-year term this Agreement, the Model Franchise Agreement is changed, then on the 7th anniversary and on the 14th anniversary of the date of the passing of the By-law, this Agreement shall be deemed to be amended to incorporate any changes in the Model Franchise Agreement in effect on such anniversary dates. Such deemed amendments shall not apply to alter the 20-year term.
- c. At any time within two years prior to the expiration of this Agreement, either party may give notice to the other that it desires to enter into negotiations for a renewed franchise upon such terms and conditions as may be agreed upon. Until such renewal has been settled, the terms and conditions of this Agreement shall continue, notwithstanding the expiration of this Agreement. This shall not preclude either party from applying to the Ontario Energy Board for a renewal of the Agreement pursuant to section 10 of the Municipal Franchises Act.

### Part III - Conditions

#### 5. Approval of Construction

- a. The Gas Company shall not undertake any excavation, opening or work which will disturb or interfere with the surface of the travelled portion of any highway unless a permit therefor has first been obtained from the Engineer/Road Superintendent and all work done by the Gas Company shall be to his satisfaction.
- b. Prior to the commencement of work on the gas system, or any extensions or changes to it (except service laterals which do not interfere with municipal works in the highway), the Gas Company shall file with the Engineer/Road Superintendent a Plan, satisfactory to the Engineer/Road Superintendent, drawn to scale and of sufficient detail considering the complexity of the specific locations involved, showing the highways in which it proposes to lay its gas system and the particular parts thereof it proposes to occupy.
- c. The Plan filed by the Gas Company shall include geodetic information for a particular location:
  - i. where circumstances are complex, in order to facilitate known projects, including projects which are reasonably anticipated by the Engineer/Road Superintendent, or
  - ii. when requested, where the Corporation has geodetic information for its own services and all others at the same location.
- d. The Engineer/Road Superintendent may require sections of the gas system to be laid at greater depth than required by the latest CSA standard for gas pipeline systems to facilitate known projects or to correct known highway deficiencies.
- e. Prior to the commencement of work on the gas system, the Engineer/Road Superintendent must approve the location of the work as shown on the Plan filed by the Gas Company, the timing of the work and any terms and conditions relating to the installation of the work.
- f. In addition to the requirements of this Agreement, if the Gas Company proposes to affix any part of the gas system to a bridge, viaduct or other structure, if the Engineer/Road Superintendent approves this proposal, he may require the Gas Company to comply with special

conditions or to enter into a separate agreement as a condition of the approval of this part of the construction of the gas system.

- g. Where the gas system may affect a municipal drain, the Gas Company shall also file a copy of the Plan with the Corporation's Drainage Superintendent for purposes of the Drainage Act, or such other person designated by the Corporation as responsible for the drain.
- h. The Gas Company shall not deviate from the approved location for any part of the gas system unless the prior approval of the Engineer/Road Superintendent to do so is received.
- i. The Engineer/Road Superintendent's approval, where required throughout this Paragraph, shall not be unreasonably withheld.
- j. The approval of the Engineer/Road Superintendent is not a representation or warranty as to the state of repair of the highway or the suitability of the highway for the gas system.

#### 6. As Built Drawings

The Gas Company shall, within six months of completing the installation of any part of the gas system, provide two copies of "as built" drawings to the Engineer/Road Superintendent. These drawings must be sufficient to accurately establish the location, depth (measurement between the top of the gas system and the ground surface at the time of installation) and distance of the gas system. The "as built" drawings shall be of the same quality as the Plan and, if the approved pre-construction plan included elevations that were geodetically referenced, the "as built" drawings shall similarly include elevations that are geodetically referenced. Upon the request of the Engineer/Road Superintendent, the Gas Company shall provide one copy of the drawings in an electronic format and one copy as a hard copy drawing.

#### 7. Emergencies

In the event of an emergency involving the gas system, the Gas Company shall proceed with the work required to deal with the emergency, and in any instance where prior approval of the Engineer/Road Superintendent is normally required for the work, the Gas Company shall use its best efforts to immediately notify the Engineer/Road Superintendent of the location and nature of the emergency and the work being done and, if it deems appropriate, notify the police force, fire or other emergency services having jurisdiction. The Gas Company shall provide the Engineer/Road Superintendent with at least one 24 hour emergency contact for the Gas Company and shall ensure the contacts are current.

8. Restoration

The Gas Company shall well and sufficiently restore, to the reasonable satisfaction of the Engineer/Road Superintendent, all highways, municipal works or improvements which it may excavate or interfere with in the course of laying, constructing, repairing or removing its gas system, and shall make good any settling or subsidence thereafter caused by such excavation or interference. If the Gas Company fails at any time to do any work required by this Paragraph within a reasonable period of time, the Corporation may do or cause such work to be done and the Gas Company shall, on demand, pay the Corporation's reasonably incurred costs, as certified by the Engineer/Road Superintendent.

9. Indemnification

The Gas Company shall, at all times, indemnify and save harmless the Corporation from and against all claims, including costs related thereto, for all damages or injuries including death to any person or persons and for damage to any property, arising out of the Gas Company operating, constructing, and maintaining its gas system in the Municipality, or utilizing its gas system for the carriage of gas owned by others. Provided that the Gas Company shall not be required to indemnify or save harmless the Corporation from and against claims, including costs related thereto, which it may incur by reason of damages or injuries including death to any person or persons and for damage to any property, resulting from the negligence or wrongful act of the Corporation, its servants, agents or employees.

10. Insurance

- a. The Gas Company shall maintain Comprehensive General Liability Insurance in sufficient amount and description as shall protect the Gas Company and the Corporation from claims for which the Gas Company is obliged to indemnify the Corporation under Paragraph 9. The insurance policy shall identify the Corporation as an additional named insured, but only with respect to the operation of the named insured (the Gas Company). The insurance policy shall not lapse or be cancelled without sixty (60) days' prior written notice to the Corporation by the Gas Company.
- b. The issuance of an insurance policy as provided in this Paragraph shall not be construed as relieving the Gas Company of liability not covered by such insurance or in excess of the policy limits of such insurance.

- c. Upon request by the Corporation, the Gas Company shall confirm that premiums for such insurance have been paid and that such insurance is in full force and effect.

#### 11. Alternative Easement

The Corporation agrees, in the event of the proposed sale or closing of any highway or any part of a highway where there is a gas line in existence, to give the Gas Company reasonable notice of such proposed sale or closing and, if it is feasible, to provide the Gas Company with easements over that part of the highway proposed to be sold or closed sufficient to allow the Gas Company to preserve any part of the gas system in its then existing location. In the event that such easements cannot be provided, the Corporation and the Gas Company shall share the cost of relocating or altering the gas system to facilitate continuity of gas service, as provided for in Paragraph 12 of this Agreement.

#### 12. Pipeline Relocation

- a. If in the course of constructing, reconstructing, changing, altering or improving any highway or any municipal works, the Corporation deems that it is necessary to take up, remove or change the location of any part of the gas system, the Gas Company shall, upon notice to do so, remove and/or relocate within a reasonable period of time such part of the gas system to a location approved by the Engineer/Road Superintendent.
- b. Where any part of the gas system relocated in accordance with this Paragraph is located on a bridge, viaduct or structure, the Gas Company shall alter or relocate that part of the gas system at its sole expense.
- c. Where any part of the gas system relocated in accordance with this Paragraph is located other than on a bridge, viaduct or structure, the costs of relocation shall be shared between the Corporation and the Gas Company on the basis of the total relocation costs, excluding the value of any upgrading of the gas system, and deducting any contribution paid to the Gas Company by others in respect to such relocation; and for these purposes, the total relocation costs shall be the aggregate of the following:
  - i. the amount paid to Gas Company employees up to and including field supervisors for the hours worked on the project plus the current cost of fringe benefits for these employees,

- ii. the amount paid for rental equipment while in use on the project and an amount, charged at the unit rate, for Gas Company equipment while in use on the project,
  - iii. the amount paid by the Gas Company to contractors for work related to the project,
  - iv. the cost to the Gas Company for materials used in connection with the project, and
  - v. a reasonable amount for project engineering and project administrative costs which shall be 22.5% of the aggregate of the amounts determined in items (i), (ii), (iii) and (iv) above.
- d. The total relocation costs as calculated above shall be paid 35% by the Corporation and 65% by the Gas Company, except where the part of the gas system required to be moved is located in an unassumed road or in an unopened road allowance and the Corporation has not approved its location, in which case the Gas Company shall pay 100% of the relocation costs.

#### **Part IV - Procedural And Other Matters**

##### **13. Municipal By-laws of General Application**

The Agreement is subject to the provisions of all regulating statutes and all municipal by-laws of general application, except by-laws which have the effect of amending this Agreement.

##### **14. Giving Notice**

Notices may be delivered to, sent by facsimile or mailed by prepaid registered post to the Gas Company at its head office or to the authorized officers of the Corporation at its municipal offices, as the case may be.

##### **15. Disposition of Gas System**

- a. If the Gas Company decommissions part of its gas system affixed to a bridge, viaduct or structure, the Gas Company shall, at its sole expense, remove the part of its gas system affixed to the bridge, viaduct or structure.
- b. If the Gas Company decommissions any other part of its gas system, it shall have the right, but is not required, to remove that part of its gas system. It may exercise its right to remove the decommissioned parts of its gas system by giving notice of its intention to do so by filing a Plan

as required by Paragraph 5 of this Agreement for approval by the Engineer/Road Superintendent. If the Gas Company does not remove the part of the gas system it has decommissioned and the Corporation requires the removal of all or any part of the decommissioned gas system for the purpose of altering or improving a highway or in order to facilitate the construction of utility or other works in any highway, the Corporation may remove and dispose of so much of the decommissioned gas system as the Corporation may require for such purposes and neither party shall have recourse against the other for any loss, cost, expense or damage occasioned thereby. If the Gas Company has not removed the part of the gas system it has decommissioned and the Corporation requires the removal of all or any part of the decommissioned gas system for the purpose of altering or improving a highway or in order to facilitate the construction of utility or other works in a highway, the Gas Company may elect to relocate the decommissioned gas system and in that event Paragraph 12 applies to the cost of relocation.

#### 16. Use of Decommissioned Gas System

- a. The Gas Company shall provide promptly to the Corporation, to the extent such information is known:
  - i. the names and addresses of all third parties who use decommissioned parts of the gas system for purposes other than the transmission or distribution of gas; and
  - ii. the location of all proposed and existing decommissioned parts of the gas system used for purposes other than the transmission or distribution of gas.
- b. The Gas Company may allow a third party to use a decommissioned part of the gas system for purposes other than the transmission or distribution of gas and may charge a fee for that third party use, provided
  - i. the third party has entered into a municipal access agreement with the Corporation; and
  - ii. the Gas Company does not charge a fee for the third party's right of access to the highways.
- c. Decommissioned parts of the gas system used for purposes other than the transmission or distribution of gas are not subject to the provisions of this Agreement. For decommissioned parts of the gas system used for purposes other than the transmission and distribution of gas, issues

such as relocation costs will be governed by the relevant municipal access agreement.

17. Franchise Handbook

The Parties acknowledge that operating decisions sometimes require a greater level of detail than that which is appropriately included in this Agreement. The Parties agree to look for guidance on such matters to the Franchise Handbook prepared by the Association of Municipalities of Ontario and the gas utility companies, as may be amended from time to time.

18. Agreement Binding Parties

This Agreement shall extend to, benefit and bind the parties thereto, their successors and assigns, respectively.

IN WITNESS WHEREOF the parties have executed this Agreement effective from the date written above.
