RE: EB-2017-0079. We oppose the proposed rate increase. The current rates and the unreliable quality of power and outages that become a power quality problem, cost us thousands of dollars in equipment damage annually. We may have to close our doors because of the existing costs, and unacceptable delivery of hydro. We cannot pay more. We would like the OEB to set up a system to provide rebates to companies which do not receive reliable hydro.
EMB, President
