WE have just gone through a fight with hydro over the rising cost . The liberal government of Ontario has sold out the future generation to make things look affordable , and still Hydro keeps coming back to the customers for more . THERE IS NO MORE ! We can not afford anymore Rate increase.
Instead of raping the customers .have them look to their own wallets .Do they really need to make the sun shine list every year. I make \$14.00 dollars an hour as do most people in this area , we have been in the dark and will be in the dark again if you let this rate increase and further increases happen.
Please Tell them NO for a change!
