Is Hydro One Networks Inc. insane, totally deaf to the complaints of Ontario citizens or totally incompetent? The Ontario government just went into major debt because the Hydro One, distribution costs, etc. People couldn't pay the hydro bills because of the rates were high - all because of bad judgement, mismanagement, greed, salary overpayments of this company. They really need to change their business methodology. You say Hydro One and people just get mad! It amazes me that they have the nerve to ask for a raise in distribution costs again! Totally incompetent people running the show!
